

**National
Welding Month**

Central Louisiana Section 509

April 2018 meeting announcement

Greetings AWS Central Louisiana Section Members & Friends,

I would like to encourage all of our Central Louisiana Section members to attend our monthly meetings; the executive board tries very hard to move the meeting around our section area to be as inclusive to all members as possible. We work hard to present topics that will be educational as well as informative. Any member or business member who have suggestions as to meeting topics or would like to host a meeting at your business to highlight your business, please contact Tom Malo by email @ tom.maloa@distran.com. The only way we can succeed as a section is to have participation of our membership.

Our next meeting will be on April 26, 2018 this meeting we will celebrate National Welding Month; we will highlight the different career paths that are available in welding. We will also discuss if there are any local businesses that have job opportunities. Please join us!
