~ January 2019 ~

The Official Newsletter of the Chattanooga Section  
of the American Welding Society

I would like to welcome the Chattanooga Section Members to come out and attend student night at Sequoyah High School. The students that enroll in welding programs today are the lifeline that will replace retiring generations. It is important that these students are mentored and armed with the knowledge from past generations, while adapting to newer technology to meet the demands of the industry. Take some time Wednesday night to help cultivate our local welding students.

My Best,  
Thomas Atkinson

**American Welding Society®**  
**CHATTANOOGA SECTION**

The American Welding Society was founded in 1919 to advance the science, technology, and application of welding

## AWS MISSION

The American Welding Society has a global mission to advance the science, technology and application of welding and allied joining and cutting processes, including brazing, soldering and thermal spraying.
