**Trends in Pipeline Welding**  
**Tuesday, November 13<sup>th</sup>, 2018**  
**Toscana Party Center**  
**4972 East 71<sup>st</sup> Street**  
**Cuyahoga Heights, Ohio 44125**

The AWS Cleveland Section offers members the opportunity to learn more about the pipeline welding industry at this month's section meeting. The meeting will be on Tuesday, November 13<sup>th</sup> at 6 pm at the Toscana Party Center in Cuyahoga Hts., OH.

David Freeman, the Global Director of the Pipeline Industry Segment for Lincoln Electric, will discuss trends in Pipeline Welding. David will review the current status of pipeline construction in the United States. Topics will include materials and pipeline fabrication processes. David will also discuss future challenges and risks with pipeline welding.

David has worked in his current role at the Lincoln Electric Company for the last six years. Prior to working at Lincoln Electric David was involved with the welded fabrication of components in the power generation and oil & gas industry.

Meeting attendees can get one PDH credit for attending the meeting. Be sure to get a form filled out so the PDH can be used for a CWI renewal.

There's a networking/social reception starting at 6:00 PM. Dinner will be served at 6:45 PM and the presentation will start at 7:30 PM. We need an accurate head count to insure there's enough meals for everyone. **Reservations should be made through Eventbrite.** The cost of the dinner is \$18 dollars (10\$ for students) when reservations are made with Eventbrite. Dinner rates are \$20 (\$11 students) when paying at the door. If you have trouble using Eventbrite, or have special dietary needs please RSVP with Mike Barrett: 1-216-383-8345 or [mike\\_barrett@lincolnelectric.com](mailto:mike_barrett@lincolnelectric.com). In case you do not receive a notice from Eventbrite, the link is <https://www.eventbrite.com/o/american-welding-society-cleveland-section-17506622496>

## **Auction Donations Wanted**

Your donations to our annual Christmas Party and Auction continue the flow of section scholarship money for basic through advanced training. Donations range from welding related equipment and supplies, artwork, services, flower and fruit baskets, Christmas gift items, weekend packages, tickets to plays, ball games, and other events.

If you have an item for the auction just contact either **Mike Barrett** at 216-383-8345 or [Mike\\_Barrett@LincolnElectric.com](mailto:Mike_Barrett@LincolnElectric.com). Donations are welcome throughout the year.

## SPRING SEMINAR

The Cleveland Section will be conducting a 4 class D1.1 seminar covering "Clause 3 Prequalification of WPSs", "Clause 4 Qualification" of new WPSs and AWS B2.1 "Specification for Welding Procedure and Performance Qualification". Classes begin on March 26, 2019 from 7 pm until 9 pm at Lincoln Electric. Contact Jim Myers at [jmyers@halvorsenusa.com](mailto:jmyers@halvorsenusa.com) for more information.

## SPONSORS

Many of our sponsors offer their time as board members and volunteers and donate items for our annual auction, please support them.

Every month during the Section's business year, over six hundred welding professionals see the ads in this newsletter. That's over 5,000 opportunities each this year. Many of those welding professionals make purchasing decisions. A business card ad is a great way to get a buyer's attention and show support for the Cleveland Section. Please contact Harry Sadler at 216-383-2444 or [harry\\_sadler@lincolnelectric.com](mailto:harry_sadler@lincolnelectric.com) for more information. A business card ad is only \$200 for the entire year.
