July 2019 Newsletter

July: The End of year Wrap-Up

We will be ending the year with appreciation BBQ on July 20th at:

Regency Community Park
5500 Honor Parkway
Sacramento, CA 95835

The event will be from 12:00 to 7:00PM.

All that wish to come and eat must RSVP by phone or text to Mel Johnson at 916-799-1900 by July 15th so we can get a head count for food. Mel Johnson will do the cooking. Each RSVP will be given a ticket for a meal.

Before we break for the summer months, I will ask Mr. Robert Purvis District 22 Director to give a short presentation on how things are in Miami and how he feels our section has done this past year.

This event is for all of our section officers' families and all of our local silver AWS members. We hope to show everyone how much the section officers appreciate your years of services.

This will be the last chance for everyone to enter to win some of the many raffle prizes, including the Miller 140 Welder Donated by Silvio Modena District Manager of Northern California for Miller Electric. Raffle tickets will be sold from the start of the event until everyone has eaten. And then the Raffle.

We will also be holding Section Officer Elections for next year, before the start of the event.

Saturday July 20th

11:30am – Election of Officers

12:00pm – Welcoming

12:30pm – Words from District Director

1:00pm – Thanks to Silver Members

6:30pm – Cleaning Areas

June

The District Conference was held in El Dorado Hills Ca., where a selected Group of district 22 officers got together and awarded scholarship monies to applicants that are continuing their education in the welding field.

May

May 4th was the sections' tenth year of hosting this sporting clay shoot for our largest fundraiser. We had lower than expected turnout. But overall the section still did well. We like to give special thanks to all that came out and supported this event, especially the group from Delta College, Shasta College, Butte College, and Sierra College. Without you help it wouldn't have been successful.

Nor cal GUN VAULT number one sponsor

The Sacramento Valley AWS Section thanks the following companies for their financial support during the 2019-2020 seasons. Please show your appreciation by considering them when making your next purchase.
