Current or Aspiring Student for a recognized Degree granting program in a Welding/Joining or Metallurgy curriculum.

- QTY available: (2) maximum
- Single Award Maximum: \$1000

Fall 2019 Application Period: August 1st through October 5th

Award Announcement: October 2019

Spring 2020 Application Period: January 1st through March 9th

Award Announcement: March 2020

Scholarship Rules and Guidelines

- Candidates may be required to secure their award by final presentation to the Tulsa Section Board.
- Applicants may apply during both application periods, however a new application must be submitted for each award period.
- Funds will be awarded to the candidate's approved educational facility to be used for any Program costs that are directly billable through the academic institution.
This includes but is not limited to: tuition, textbooks, safety equipment, and tools.
- Funds must be used within (1) year of award. Any unused funds will be forfeited to the AWS Tulsa Section after expiration.
- The student shall have "good academic standing" during the period when funds are used.
- The Tulsa Section Board may award any lesser scholarship amount at their discretion.
- TULSA Section 34 Members may use funds to attend any eligible welding or metallurgy school curriculum in the USA.
- Other AWS Section Members and AWS Non-members may be considered if funds are used to attend an eligible welding or metallurgy school curriculum in Oklahoma.

Essay Criteria

- Briefly Introduce yourself.
 - Detail any current or previous involvement in the welding/fabrication community, current achievements, and future goals.
 - State any other noteworthy achievements for the Board to consider and help make their determination.
-
