

My Slug Tale

Author and Illustrator

TITLE

MAKE YOUR OWN SEEFUS COLLAGE TO GO WITH YOUR OWN SLUG TALE!

Use your imagination and write a story about Seefus. You can color and cut out the characters and make your own collage to go with your story. You can even draw your own Seefus Slug, as well as other imaginary characters. Be sure to include your background setting. It could be a garden, a house, a junkyard... anything you can think of. Add flowers and grass or even pictures you cut out from coloring books or that you have printed from the computer. You can even add bits and pieces of things you find outside such as sticks or pebbles, bottle caps and so forth. Experiment with drawing eyebrows on Seefus and see what a difference it can make in his expressions.

There are no limits to what you can create!
