

www.seekewa.com privacy policy

This application collects personal data from its users.

Data controller and owner

SAS SEEKEWA, 369 Rue des Alizés Marcory Abidjan - Republic of Côte d' Ivoire

Owner's contact email: hello@seekewa.com

Types of data collected

Among the types of personal data collected by this application, by itself or through third parties, are: e-mail address, country, cookies and usage data.

Full details on each type of personal data collected are provided in the dedicated sections of this privacy policy or by specific explanatory texts posted before the data is collected.

Personal data may be provided free of charge by the user or, in the case of usage data, collected automatically when using this application.

All data requested by this application is mandatory and if you do not provide this data, it is impossible for this application to provide its services. In cases where this Application specifically states that certain Data is not mandatory, Users are free not to communicate this Data without any effect on the availability or operation of the service.

Users who do not know which personal data are mandatory are invited to contact the owner.

Any use of cookies - or other tracking tools - by this Application or the owners of third party services used by this Application is intended to provide the service required by the User, in addition to any other purposes described in this document and in the cookie policy, if available.

Users are responsible for the Personal Data of third parties obtained, published or shared through this Application and confirm that they have the consent of the third party to provide the Data to the Owner.

Method and place of data processing

Treatment methods

The data controller shall process user data appropriately and take appropriate security measures to prevent unauthorised access, disclosure, modification or destruction of the data.

Data processing is carried out using computers and/or computer tools, according to organisational procedures and methods strictly linked to the stated objectives. In addition to the data controller, the data may, in certain cases, be accessible to certain types of managers involved in the operation of the site (administration, sales, marketing, legal, system administration) or external (third party technical service providers, mail carriers, hosting providers, IT companies, communication agencies) appointed, if necessary, as data processors by the owner. The updated list of these parties may be requested from the data controller at any time.

Location

The data are processed in the data controller's operating offices and all other locations where the parties involved in the processing are located. For further information, please contact the data controller.

Retention time

The data are retained for the time necessary to provide the service requested by the user, or indicated by the purposes described in this document, and the user may always request that the data controller suspend or delete the data.

Use of collected data

User Data is collected to enable the Owner to provide its services and for the following purposes: Contact User, Registration and Authentication and Analytics.

The personal data used for each purpose are described in the specific sections of this document.

Detailed information on the processing of personal data

Personal data are collected for the following purposes and using the following services:

- **Analytical**

The services contained in this section allow the owner to monitor and analyze web traffic and can be used to track user behavior.

- **Contact the user**

Mailing list

By subscribing to the mailing list, the User's email address will be added to the contact list of those who may receive email messages containing commercial or promotional information about this Application. Your email address can also be added to this list after you have registered with this Application or made a purchase.

Personal data collected: e-mail address

- **Registration and authentication**

By registering or authenticating themselves, Users allow this Application to identify them and give them access to dedicated services.

Depending on what is described below, third parties may provide registration and authentication services. In this case, this application may access certain data stored by these third party services for registration or identification purposes.

Facebook Authentication (Facebook, Inc.)

Facebook Authentication is a registration and authentication service provided by Facebook, Inc. and is connected to the Facebook social network.

Personal data collected: different types of data as specified in the service's privacy policy.

Place of Processing: United States - [Privacy Policy](#)

Direct registration (this application)

The user registers by filling in the registration form and providing personal data directly to this application.

Personal data collected: country and e-mail address.

Additional information on data collection and processing

A court action

The user's personal data may be used for legal purposes by the data controller, in court or in the steps leading to possible legal action resulting from misuse of this application or associated services.

The User declares to be aware that the Data Processor may reveal personal data at the request of public authorities.

Further information about the user's personal data

In addition to the information contained in this Privacy Policy, this application may provide the user with additional and contextual information about specific services or the collection and processing of personal data upon request.

System logs and maintenance

For operating and maintenance purposes, this application and third party services may collect files that record interaction with this application (system logs) or use other personal data (such as the IP address) for this purpose.

Information not contained in this policy

Further details concerning the collection or processing of personal data may be requested from the data controller at any time. Please see contact information at the beginning of this document.

User rights

Users have the right, at any time, to know whether their personal data has been stored and may consult the Data Controller to ascertain their content and origin, verify their accuracy or request that they be completed, cancelled, updated or corrected, or for their transformation into anonymous format or to block any data held in violation of the law, as well as to oppose their processing for any and all legitimate reasons. Applications must be sent to the Data Controller at the above coordinates.

This application does not support "Do Not Follow" requests.

To determine whether any of the third-party services it uses are compliant with the "Do Not Follow" requests, please read its privacy policies.

Changes to this Privacy Policy

The data controller reserves the right to make changes to this privacy policy at any time by giving notice to its users on this page. It is strongly recommended that you check this page often, referring to the date of the last modification indicated below. If a user objects to any of the changes to the policy, the user must stop using this application and may ask the data controller to delete the personal data. Unless otherwise stated, the current privacy policy applies to all personal data that the Data Controller has about users.

Information about this Privacy Policy

The data controller is responsible for this privacy policy.

Definitions and legal references

Personal data (or data)

Any information about a natural person, legal person, institution or association that is, or may be identified, even indirectly, by reference to any other information, including a personal identification number.

Usage data

Information automatically collected from this Application (or third party services used in this Application), which may include: the IP addresses or domain names of computers used by Users using this Application, the URI (Uniform Resource Identifier) addresses, the time of the request, the method used to submit the request to the server, the size of the file received in response, the numeric code indicating the status of the server's response (positive result, error, etc.), the country of origin, the characteristics of the browser and the operating system used by the user, the different time details per visit (for example, the time spent on each page in the application) and the details of the path followed in the application with a special reference to the sequence of pages to be visited, and other parameters concerning the operating system of the device and / or the computer environment of the user.

User

The person using this application, which must coincide with or be authorized by the data subject, to which the personal data refers.

Data subject

The natural or legal person to whom the personal data refers.

Data Processor (or Data Supervisor)

The natural person, legal person, public administration or any other body, association or organization authorized by the data controller to process personal data in accordance with this privacy policy.

Data controller (or owner)

The natural person, legal person, public administration or any other body, association or organisation having the right, together with another controller, to take decisions concerning the purposes and methods of processing personal data and the means used, including security measures concerning the operation and use of this Application. Unless otherwise specified, the data controller is the owner of this application.

This application

The hardware or software tool by which the user's personal data is collected.

Cookie

Small data stored in the user's device.

Legal Information

Notice to Ivorian users: this privacy statement has been prepared in compliance with the obligations of the law n° 2013-450 of 19 June 2013 relating to the protection of personal data. This Privacy Policy applies solely to this application.
