Preparing Your Interview Talking Points (20 mins)

Individual Reflection

- How do you track your student progress?
- What is a genuine challenge you are actively working through?
- What makes you a rockstar?
- Why do you love teaching?

Speed Interviewing (30 mins.)

- Every four minutes, you alternate interview partners and speaking order.
- Some questions are stand alone. Others have a follow up question that you'll ask after your partner's initial answer.
- We are here to support each other!
- If you need a moment, jot down your thoughts. Don't freeze because a teacher is required to think on their feet in each and every class!
