SEMINAR HIGHLIGHTS

The following two pages contain a few highlights from our two day-presentation.

While it might seem that the content in the first day is geared toward breeders only, the information is very entertaining and interesting for *all* audiences!

Each lesson does contain important foundations that will potentially effect not only the way breeders rear their young puppies, but also the way dog trainers and pet owners relate to their pets.

SEMINAR FORMAT

The presentation

We provide our own professional audiovisual equipment so unlimited auditors and see and hear the presentation
If puppies are available, Jane will demonstrate the techniques in the film with demo puppies over the weekend, so
Participants will see the difference Puppy Culture can make

Each session begins with a video presentation excerpted from our film, "Puppy Culture: The Critical First 12 Weeks
That Can Shape Your Puppy's Future"

Then Jane will present an in-depth presentation on the protocols and information in the segment, including instructions
for additional exercises and plans for equipment.

Our Puppy Culture seminar is offered in three different formats:

- **Lecture Format:** Two eight-hour days, consisting of 80% lecture using 4-5 "demo puppies" between 9 and 12 weeks of age (to be provided by the host club)
- **Lecture/Working Format:** Two eight-hour days, consisting of 50% lecture and up to 10 working teams with puppies between 9 and 12 weeks of age (up to 14 weeks with on case-by-case basis)
- **National Specialty Format:** Four to Eight hour lecture consisting of customized, focused presentations from the above four segments with 2-4 "demo puppies" between 9 and 12 weeks of age, if available.
