

Thank you for your order!

To start On-page SEO Service we need the following information:

- 1) Access to the hosting of your site (cPanel or FTP account).
- 2) If you have cms we need access to admin panel.
- 3) Google Analytics and Google Webmaster access if you have. If you have not, we need only your Google mail (without password).
- 4) What is the main aim of SEO? (for example, getting more traffic or direct sales).

Please, send us this information to support@seomall.net.
