Bronze medallion test sheet

The purpose of the exam sheets is to check the performance of the candidates for each item evaluated and the final result, as pass or failure. Unless completed electronically, the test sheets must be completed with a pencil. Signed test sheets are legal documents that can be used when proof of training and certification is required. The affiliate providing the Lifesaving Society program is responsible for submitting appropriate test sheets and prior requirements to the Branch. Affiliates keep a copy of the original test sheets for their records. Our test sheet resource guide can help you fill out test sheets so that there are no delays in issuing candidate certifications. To get specific details about the availability of courses in the local area, it is important to contact your local Royal Life Saving STMO. Saving life in its broadest context involves saving life by preventing accidents, personal survival and saving others. Most accidents of a stake occur within the country in places such as rivers, dams and swimming pools at home. Such places are rarely patrolled by qualified lifeguards. Therefore, it is important that all members of the community learn some life-saving techniques. Careful application of knowledge and provided under this program will save lives, ensure the safety of the rescuer and prevent a possible double-check. Note Royal Life Saving Society - Australia National Office is not a registered training organisation (RTO). All at national level training is provided by member organisations of the State and the territory of Royal Life Saving (STMOs). See RTO and the registration information section below. Description The royal bronze medallion for saving life is recognized as the minimum standard for a qualified rescuer. This award also increases employment opportunities with many swimming pools and water centres, as they require employees who carry out water programs to have their Bronze Medallion. This course will enhance your personal survival skills while giving you the knowledge and skills to develop the level of judgment, technique and physical ability required to perform safe water rescue. The Bronze Medallion course offers nationally recognized certification and has flexible delivery options to meet the needs of schools and groups. Delivery modesDelivery schedules and course structure may vary depending on the Royal Life Saving stmo you sign up with. Courses can use a combination of face-to-face training, online learning and text-based learning before the course. To get specific details about the courses offered in the local area, it is important to get in touch with the local Royal Life Saving STMO. Pre-requirementsThere is no prior learning required for full course enrolments. Updating course entries requires a current Royal Life Saving Bronze Medallion. It is recommended that candidates be 14 in the calendar year in the course test. A medium level of aquatic fitness is required for some practical components of Medallion.ContentTheorySafe water practices: survival in water; self-preservation; recognition of an emergency; assessment before and during a save; priorities for rescue; CPR theory; acceptance of responsibility; the use of passers-by; emergency services and contacting emergency services. PracticalResuscitation: Demonstrate CPRSwim Effectively: Swim continuously 400 meters in 13 minutes. 100m freestyle, 100m freestyle, 100m backstroke survival, 100m sidestroke. Timed towing: Swim 50 meters, then tow a patient 50m in 3 min 15 sec. Survival and rescue skills: Demonstrate a range of survival techniques and rescues suitable for a range of different aquatic environments and scenarios. Spinal injuries: Basic management of a suspected spinal injury in shallow water. Rescue initiative: Demonstrate the initiative to save two people in difficulty up to 15 metres from safety. ResultsSuccessful candidates receive a: Royal Life Saving Bronze Medal (valid for 12 months) and/or Royal Life Saving Resuscitation certificate (valid for 12 months) A declaration of achievement for the units below the competency SIS National Sport, Fitness and Recreation Training Package may be available.
