

Participation Agreement for the eHealth Exchange

This Participation Agreement for the eHealth Exchange ("Agreement") is entered into as of the last date written below ("Effective Date") by and between Healtheway, Inc. (dba " eHealth Exchange"), a Virginia nonstock membership corporation, and the undersigned Participant, _____, a _____ ("Participant") (collectively "the Parties").

WHEREAS, there exists a multi-party health information exchange activity, the eHealth Exchange among agencies of the United States government and non-federal organizations that is conducted pursuant to the mechanism established under the Data Use and Reciprocal Support Agreement (the "DURSA") to which these federal agencies and non-federal organizations are signatories;

WHEREAS, the DURSA created a Coordinating Committee (the "Coordinating Committee") to govern the operations of the eHealth Exchange and the DURSA sets out the responsibilities and composition of the Coordinating Committee;

WHEREAS, the Coordinating Committee has engaged Healtheway, Inc. to provide support services to the eHealth Exchange network;

WHEREAS, Participant either does or wants to participate in the eHealth Exchange and is a signatory to the DURSA; and

WHEREAS, pursuant to the eligibility criteria for participation in the eHealth Exchange established by the Coordinating Committee pursuant to the Data Use and Reciprocal Support Agreement (DURSA), in order for Participant to participate in the eHealth Exchange, Participant must enter into this Participation Agreement with EHealth Exchange.

NOW THEREFORE, in consideration of the foregoing and the other mutual promises between the Parties contained herein, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the Parties hereby agree as follows:

- 1. Structure of this Agreement.** eHealth Exchange supports the safe and secure exchange of health information among those organizations that have signed the DURSA (Participants). eHealth Exchange supports the legal and policy framework that supports the eHealth Exchange Coordinating Committee which governs eHealth Exchange. Participants must comply with the DURSA, eHealth Exchange Operating Policies and Procedures and eHealth Exchange Performance Specifications. eHealth Exchange offers a variety of services to Participants to facilitate their compliance. The exact list of additional services will change over time and are listed in Attachment 1 to this Agreement. For each additional service that Participant chooses to purchase, an Addendum to this Participation Agreement will be added that includes specific terms and conditions for the additional service. The Addenda are part of this Agreement and whenever the word "Agreement" is used herein, it shall expressly include this main text and all Addenda.

2. **Relationship to the DURSA.** Participant represents and warrants that it is a signatory to the DURSA. Except as specifically set forth herein, nothing herein shall be construed to amend or supersede Participant's obligations with respect to the transaction of message content pursuant to the DURSA. To participate in the eHealth Exchange, in addition to being a signatory to the DURSA, it must also enter into this Participation Agreement with eHealth Exchange
3. **Applicable Fees.** The Coordinating Committee has approved the establishment of a fee schedule for participation in the eHealth Exchange and has engaged eHealth Exchange for the collection of the participation fee from Participants. ("Participation Fee"). The fee schedule is available at the eHealth Exchange website at <https://ehealthexchange.org/onboarding/fees/>. Participant must pay all applicable fees before the end of the current Initial or Renewal Term in order to remain a Participant in good standing with eHealth Exchange. Participant agrees that, once paid, all applicable fees are nonrefundable if Participant ceases to participate in eHealth Exchange for any reason, including termination of participation in the eHealth Exchange. The participation fee payment for the Initial Term is due within thirty (30) calendar days following the Effective Date. Prior to the end of any Renewal Term, eHealth Exchange will invoice Participant for the then-current applicable fee. Fees not paid by the Renewal Date will bear interest at the rate of one and a half percent (1.5%) per month unless the Participant is prohibited by law from paying interest charges. Participant also agrees to pay all costs incurred by eHealth Exchange to collect amounts due pursuant to this Agreement unless the Participant is prohibited by law from paying collection costs.
4. **Participation Term.** Participant agrees that the initial term of participation in the eHealth Exchange shall commence on the Effective Date and expire on the first anniversary of the Effective Date ("Initial Term"). Following the Initial Term, Participant's payment of all applicable fees, which will vary based upon the services that Participant chooses to obtain from eHealth Exchange, no later than last day of the Initial Term shall constitute a renewal of its participation in the eHealth Exchange, provided that Participant continues to meet all other requirements for participation in the eHealth Exchange as defined by the Coordinating Committee ("Renewal Term"). Each Renewal Term shall be valid for one year. In accordance with Section 4 of this Agreement, failure to make a timely renewal payment shall be cause for suspension or termination of access to and participation in the eHealth Exchange.
5. **Suspension and Termination of Access to the eHealth Exchange.**
 - a. In the event that Participant fails to pay all applicable fees by the Renewal Date, eHealth Exchange may suspend Participant's access to and participation in the eHealth Exchange. In the event that Participant fails to pay all applicable fees within thirty days after the Renewal Date, may terminate Participant's access to and participation in the eHealth Exchange. During a suspension, the Participant can be reinstated upon payment of all applicable fees plus accrued interest charges on the unpaid amount and other amounts that are due unless Participant is prohibited by law from paying interest and other fees related to late payments.
 - b. Participant acknowledges and agrees that eHealth Exchange's right to suspend or terminate Participant's access to and participation in the eHealth Exchange is separate and distinct from the Coordinating Committee's rights to suspend and terminate a Participant as set forth in the DURSA. eHealth Exchange is not obligated to comply with the suspension and termination provisions of the DURSA or the Operating Policies and Procedures in connection with its suspension or termination of a Participant for non-

payment.

By signing this Agreement, the person signing represents and warrants that he or she has been authorized by the respective Participant to enter into the obligations set forth in this Agreement and has read and understood this Agreement.

Addendum and has not cured such breach with thirty (30) days of receiving notice of the breach.

- iii. **Effect of Termination.** The PHI to which Business Associate will have access by virtue of Participant's participation in eHealth Exchange is necessary to the ongoing operation of the eHealth Exchange in support all of the other eHealth Participants. It is not possible for Business Associate to destroy or return the PHI even if Participant withdraws from eHealth Exchange. Upon termination of the Participation Agreement, Business Associate will extend the protections of this Addendum to all of Participant's PHI in perpetuity.

6. Independent Contractors. In all cases, Business Associate will be acting as an independent contractor of Participant. Nothing contained in the Participation Agreement or this Addendum shall be construed to create a partnership or a joint venture or to authorize Business Associate to act as a general or special agent of Participant except as Participant may expressly authorize in writing.

Participant and Business Associate agree that if Applicable Law changes, this Addendum will be deemed to incorporate such changes as necessary for them to operate in compliance with the amended or modified requirements of Applicable Law. Otherwise, this Addendum may only be amended by a written instrument signed by both Participant and Business Associate. Nothing in this Addendum is to be construed as conferring any right, remedy or claim on any person or entity other than the Participant and Business Associate and their respective successors and assigns. ADDENDUM 2 NATIONAL LEVEL GATEWAY SERVICE

SCOPE OF ADDENDUM: This Addendum applies to a Participant that wishes to use the eHealth Exchange National Level Gateway Service (Hub).

UNLESS DEFINED IN THE PARTICIPATION AGREEMENT OR THIS ADDENDUM 2, TERMS SHALL HAVE THE MEANING ASCRIBED TO THEM IN THE DURSA.

1. eHealth Exchange Responsibilities.

- a. Gateway Services. eHealth Exchange grants to Participant, for itself and its Participant Users, a non-exclusive and non-transferrable right to access and use the Gateway subject to the terms and conditions of this Addendum, the Participation Agreement, the DURSA inclusive of all Performance Specifications and Operating Policies and Procedures adopted by eHealth Exchange.
- b. Gateway Vendor. Participant understands that eHealth Exchange has contracted with a third party to provide the Gateway (the Gateway Vendor). The Gateway Vendor is required under the terms of its contract with eHealth Exchange to meet specific Service Level Agreements with respect to the availability and performance of the Gateway and there are penalties for failure to meet these SLAs. eHealth Exchange will require that the Gateway Vendor meet and maintain the American Institute of Certified Public Accountants' (AICPA) standard for SOC 2, HiTrust CSF certification, or similar risk management framework requirements. Participant agrees to cooperate with eHealth Exchange and with the Gateway Vendor as reasonably requested to enhance the effective and efficient operation of the Gateway.
- c. Administrative Portal. eHealth Exchange may choose to provide Participant with access to an Administrative Portal as part of the Gateway Service (the GAP). If provided, the GAP would allow Participant to monitor its use of the Gateway. The GAP would also support the creation of automated administrative reports that are delivered to Participant. The exact type and nature of information that is available to Participant on the GAP may change over time. eHealth Exchange will work with Participant to make information available via the GAP that is valuable to Participant.
- d. Onboarding to the Gateway. After Participant signs this Addendum and provides the GAP Designee contact information, eHealth Exchange will prepare a work order

to onboard Participant to the Gateway and send this to the Gateway Vendor. Gateway Vendor will then work directly with Participant to onboard Participant to the Gateway.

2. Participant Responsibilities.

- a. Access to and Use of Gateway. Participant, on behalf of itself and its Participant Users, agrees to only access and use the Gateway in connection with its authorized use of eHealth Exchange. For Participant, this means supporting discovery of the Gateway endpoints for the Transaction of Message Content by its Participant Users and accessing and using the Gateway Administrative Portal. For Participant Users, this means using the Gateway endpoints for the Transaction of Message Content. All other attempts to access or use the Gateway are prohibited. As between Participant and eHealth Exchange, Participant is responsible for the actions of its Participant Users in respect of the Gateway since eHealth Exchange does not have any direct contractual relationship with those Participant Users.
- b. Administrative Portal. Participant shall designate one individual who will have access to the Gateway Administrative Portal (the “GAP Designee”) if the eHealth Exchange chooses to provide the GAP. Participant shall provide to eHealth Exchange the name, title, e-mail address and telephone number (GAP Designee contact information) of its GAP Designee so that eHealth Exchange can create the credentials necessary to allow access and use to the Administrative Portal. Participant is responsible for providing to eHealth Exchange any and all changes to the GAP Designee contact information. Participant shall not allow anyone, other than its GAP Designee, to have access to the Gateway Administrative Portal.
- c. Payment of fees. Participant shall pay eHealth Exchange a fee to access and use the Gateway according to the fee schedule attached to the Participant Agreement.

3. Privacy and Security.

- a. Basic Obligations. Each party shall be responsible for ensuring that performance of its obligations and exercise of its rights under this Addendum complies with all applicable privacy and security laws, including the HIPAA Regulations, and local and state laws rules and regulations. Participant and eHealth shall each use appropriate safeguards to prevent inappropriate use of the Gateway including appropriate administrative, physical, and technical safeguards that protect the confidentiality, integrity, and availability of information available through the Gateway. eHealth Exchange agrees that the Gateway will not alter clinical data unless explicitly mutually agreed in writing after requested by Participant in writing.
- b. Business Associate Agreement. Participant agrees that eHealth Exchange will have access to Protected Health Information, as defined by HIPAA, of Participant or Participants Users, by virtue of its role in supervising the Gateway Service.

Addendum 1 to the Participant Agreement is the Business Associate Agreement between eHealth Exchange and Participant.

4. **Monitoring and Auditing the Gateway.** eHealth Exchange, through its agents, employees and independent contractors, shall, for system administration, security, Gateway Vendor requirements and other legitimate purposes, monitor and audit all access to and use of the Gateway and the content of any data or messages communicated to, from or through the Gateway in accordance with the eHealth Exchange Operating Policies and Procedures, as amended from time to time.
5. **Fees.** eHealth Exchange has established a fee for Participant's access to and use of the Gateway which is included in the fee schedule that is part of the Participant Agreement. The provisions of the Participant Agreement govern the invoicing by eHealth Exchange and the payment by Participant of this fee. If any third party including, but not limited to, Participant's EMR vendor, charges Participant a fee(s) related to the Gateway, Participant shall be responsible for paying this fee and it will not be the responsibility of eHealth Exchange.
6. **Limitation of Liability.** Notwithstanding any other provision of the Participant Agreement or the DURSA, Participant agrees that the maximum amount of damages that it can recover from eHealth Exchange for any and all damages that Participant incurs as a result of accessing or using the Gateway, or otherwise related in any way to the Gateway, are limited to the actual amount of fees that Participant paid to eHealth Exchange for Gateway Services during the most recent 12 months prior to the time that any claim by Participant arose.
7. **Term and Termination.** This Addendum is part of the Participant Agreement and will be automatically terminated in the event that the Participant Agreement is terminated for any reason.
8. **Suspension or Termination of Participant.**
 - a. Suspension by eHealth Exchange of Gateway access or use. eHealth Exchange reserves the right to suspend Participant's right to access and use the Gateway if eHealth Exchange determines that Participant has breached a material obligation under this Addendum or that there is a substantial likelihood that Participant's acts or omissions create an immediate threat or will cause irreparable harm to another party, individual, eHealth Exchange or the eHealth Exchange Network. Prior to suspending Participant, eHealth Exchange shall provide written notice of such suspension to Participant unless providing such notice will create an immediate threat to the confidentiality, privacy or security of information exchanged through the Gateway or will cause irreparable harm to another party including, but not limited to an eHealth Exchange Participant or Participant User, the integrity or operation of the eHealth Exchange Network or the Gateway Vendor. The notice shall contain a summary of the reasons for the suspension. Participant shall use reasonable efforts to respond to the suspension notice with a detailed plan of correction or an objection to the suspension within three (3) business days or, if such submission is not reasonably feasible within three (3) business days, then at the earliest practicable time. If Participant submits a plan of correction, eHealth Exchange shall, within five (5) business days, review and either accept or reject the plan of correction. If the plan of

correction is accepted, eHealth Exchange shall, upon completion of the plan of correction, end the suspension. If the plan of correction is rejected, Participant's suspension will continue, during which time eHealth Exchange and Participant shall work in good faith to develop a plan of correction that is acceptable to both Parties.

- b. Termination "For Cause" by eHealth Exchange. eHealth Exchange may terminate this Addendum and Participant's right to access and use the Gateway under the following circumstances:
- i. eHealth Exchange and Participant cannot reach agreement on a plan of correction to address a suspension action taken by eHealth Exchange;
 - ii. Participant fails to successfully implement an agreed upon plan of correction to cure the condition that led to suspension; or
 - iii. If Participant is in material default of the performance of a duty or obligation imposed upon it by this Agreement and Participant has not substantially cured that default within 60 calendar days following receipt of written notice of that default from eHealth Exchange.
 - iv. eHealth Exchange may also terminate Participant for non-payment of fees, regardless of whether eHealth Exchange suspended Participant pursuant the Participant Agreement, if Participant fails to pay the fees within 60 days of the due date.
- c. Effect of Termination. Upon termination hereof for any reason, Participant agrees to immediately cease all use of the Gateway and cause all use by its Participant Users to immediately cease.

9. Disclaimers

- a. Reliance on a System. Participant acknowledges and agrees that (i) the information available through the eHealth Exchange Network is drawn from numerous sources, (ii) eHealth Exchange has not and will not confirm the accuracy of any information available through the eHealth Exchange Network, (iii) the information provided through the eHealth Exchange Network may not include the individual's full and complete medical record or history; and (iv) eHealth Exchange reveals the source of the information so that Participant and Participant Users will be able to make appropriate decisions about their use. The parties agree that eHealth Exchange merely receives such information from eHealth Exchange Participants, eHealth Exchange Users and Partner Network Participants and therefore shall not be held responsible by Participant for any quality issues, including negligence, detrimental reliance or any other theory of law. Participant shall be solely responsible for ensuring appropriate use by Participant and Participant Users of such information.
- b. Availability of the Gateway.
