

Reserve Your Pork Box

Available December 2018 into early 2019

The hogs raised on Sutton Ridge Farm are fed with grains grown and harvested right here on our farm. We grind a variety of non-GMO grains; like barley, oats and wheat (**no corn or soybeans**) on a weekly basis to ensure that what they're eating is as fresh as it can be. We also stir-in some milk. Their feeding trough looks like a big bowl of cereal (it actually is a big bowl of cereal!) In the growing season, they also receive plenty of greens, extra garden produce and fruit from our orchard. They regularly receive organic eggs as a treat. Stress-free living is equally important so there are no "off-flavors" in the meat.

- **100% GMO-free**
- **Milk-fed**
- **Soy-free**
- **Corn-free**
- **Nitrate/Nitrite free**
- **MSG free**
