

# 100% GRASS-FED BEEF QUARTER OR HALF COW

Our Devon, Hereford and Red Angus cows are born and raised here on our organic fields. They are 100% grass-fed for their entire lifespan. Our cows are rotationally grazed with our goats and our laying hens, moving pasture every 2-3 days during the height of the season.

Throughout the year we are able to sell a limited number of quarter and half cows to interested customers. Fill up your freezers with our lean and delicious meat to last you throughout the year!

## HOW MUCH BEEF WILL I RECEIVE?

Not sure what a large beef purchase will look like? It will vary based on the final hanging weight of the cow, but here's a general breakdown of what you would receive:

QUARTER COW:		HALF COW:	
Cut*:	Pounds (approx):	Cut*:	Pounds (approx):
Chuck Roast/Steak	10-12	Chuck Roast/Steak	20-24
Top Round Rst/Stk	3-5	Top Round Rst/Stk	6-10
Sirloin Tip Rst/Stk	3-5	Sirloin Tip Rst/Stk	6-10
Stew Meat	3-4	Stew Meat	6-8
Rib-Eye Steak	2.5-3.5	Rib-Eye Steak	5-7
Prime Cut Steaks	4	Prime Cut Steaks	8
Sirloin Steak	2	Sirloin Steak	4
Flank Steak	0.5	Flank Steak	1
Skirt Steak	1.5	Skirt Steak	3
Brisket	2	Brisket	4
Short Ribs	2	Short Ribs	4
Soup bones	4	Soup Bones	8
Liver	1	Liver	2
Ground Beef	45-50	Ground Beef	90-100
<b>Total Meat:</b>	<b>84-97</b>	<b>Total Meat:</b>	<b>167-193</b>

\* We will work with you to put together a cut sheet for the butcher that will maximize your desired cuts (roasts, ground, steaks, etc)

## HOW MUCH WILL IT COST?

The final cost is dependent on the hanging weight of the cow, not the amount of processed meat you receive. Our average hanging weights for our cows have been between 520-550lb. Here's a breakdown of the costs, based on hanging weight:

QUARTER COW:	HALF COW
\$4.25/lb based on hanging weight	\$4.00/lb based on hanging weight
\$22.50 slaughter fee	\$45 slaughter fee
\$1.10/lb cutting/packageing based on hanging weight	\$1.00/lb cutting/packageing based on hanging weight
\$5 box fee	\$10 box fee
