

New Host Site Guide

TCG is looking for new sites for our CSA and FarmMatch deliveries. All hosts receive a complimentary CSA box.

Things to consider in being a TCG site host:

- Are you home/do you have the flexibility to assist customers at the time of pick up?
- Are you a good and willing communicator to site members on behalf of TCG?
- Can you solicit 8-10 customers for your site? Do you have some social networks to promote the CSA to? New sites are dependent on the hosts marketing their own members (TCG will continue to promote all our sites with our marketing strategies.)
- New sites that are not within our current routes, must have 15-20 new members.
- A site can be an Every Week delivery or an Every Other Week Delivery.
- Do you have a place for staging boxes that is out of the elements such as a garage or porch? And holding return boxes until the next delivery?
- FarmMatch is an on-line farm store service through TCG and may involve additional boxes and coolers for members and non-members to pick up.
