

Ecologically-based
Invasive Plant Management

LEARNING FAIR

AND BBQ

Tuesday, August 28th 4:30-7:30 @ the Peavine Picnic Pavilion

The EBIPM Area-wide project has sponsored regional research, demonstration and education beginning in 2008. The purpose of our Learning Fair is to showcase the work of the Area-wide project and from groups in the Northern Nevada area in rangeland invasive plant management. We encourage you to take some time and talk with our presenters and ask any specific questions you might have about developing a systems approach to land management. Poster authors will have short three-minute segments to introduce their area of interest and all attendees will have time to visit with authors.

POSTERS

ALEX BOEHM	ARS BOISE, ID	WARM SPRINGS MEDUSAHEAD RESEARCH
BETH BURRITT	USU EXT. & SCC WPA	BATTLING MEDUSAHEAD IN SOUTHERN CACHE COUNTY, UTAH: A COOPERATIVE EFFORT
ANNA-MARIE CHAMBERLAIN	OSU ONTARIO, OR	ASSESSMENT & DEMONSTRATION OF ECOLOGICALLY-BASED MEDUSAHEAD & CHEATGRASS MANAGEMENT IN JORDAN VALLEY, OR
JOE DiTOMASO	UC DAVIS, CA	TIMING OF LOW RATES OF GLYPHOSATE FOR CONTROL OF MEDUSAHEAD IN SAGEBRUSH SCRUB
JAMIE GREER	NV DEPT. OF AG.	THE NEVADA MEDUSAHEAD TASK FORCE
STUART HARDEGREE	ARS BOISE, ID	WEATHER & CLIMATE APPLICATIONS
MATT MADSEN	ARS BURNS, OR	1. RESTORATION OF SOIL HYDROLOGY AND WILDLAND VEGETATION USING SURFACTANT SEED COATING TECHNOLOGY 2. FIELD RESPONSE OF SEED AGGLOMERATE TECHNOLOGY: FIRST YEAR EVALUATION
KENT McADOO	UNR ELKO, NV	RESTORATION OF DOWNY BROME INFESTED RANGELANDS WITH GLYPHOSATE AND TRANSPLANTING WYOMING BIG SAGEBRUSH
TOM MONACO	ARS LOGAN, UT	ECOLOGICALLY-BASED MANIPULATION PRACTICES FOR MANAGING BROMUS TECTORUM
LESLEY MORRIS	ARS LOGAN, UT	LAND-USE LEGACIES IN THE GREAT BASIN
KIM ROLLINS & MICHAEL TAYLOR	UNR RENO, NV	MAKING CENTS: ECONOMIC BENEFITS OF IMPLEMENTING AN EBIPM PROGRAM
BRENDA SMITH	ARS BURNS, OR	A WORKING RANCH WITH AN EFFECTIVE
LYNDA WILSON	NV LAND CONSERVANCY	MEDUSAHEAD CONTROL ON POST-FIRE PROJECTS IN THE TRUCKEE MEADOWS AREA (AN INTEGRATIVE APPROACH BY TRUCKEE MEADOWS CWMA)
WSWS		WESTERN SOCIETY OF WEED SCIENCE INFO AND PUBLICATIONS

Carolina Kitchen will be serving a Tri-tip BBQ dinner with all the fixin's at about 6:30 so enjoy our Learning Fair in a relaxed and social setting.
