LOCAL PRODUCE IS THE FRESHEST, TASTIEST PRODUCE.

Join our farm and receive a weekly box of delicious seasonal vegetables. You can rely on us to grow the most flavorful varieties of all your favorite vegetables. We are proud of our succulent carrots, sweet watermelons, and colorful bell peppers. We provide many types of lettuce, plus herbs, strawberries, and a bounty of tomatoes in season. Enjoy our favorite varieties of tender sweet corn picked at the peak of flavor, as well as spring peas and sweet Vidalia-type onions available for only a short time each summer. See the harvest schedule below for a complete listing of crops.

How does the Community Supported Agriculture Program (CSA) work?

We offer several membership options. The **weekly share** supplies enough produce for a family of four. The **every-other-week** and **sampler shares** offer the same size box as the weekly share, with less frequent delivery. Extend your season into November with our **extension** and **storage shares**. Tomatoes, peppers, and basil can be purchased in bulk for canning or freezing when crops are abundant. Our weekly newsletter provides tasty recipes, information about the vegetables, and news of the farm. Let us teach you how to eat more veggies!

Our farm

We are an established family farm with a 40+ year history of producing high quality **CERTIFIED ORGANIC** vegetables. Some of you may already enjoy our produce through purchases at natural food stores and coops in Madison and Milwaukee. In our CSA boxes, we offer the complete line of crops we sell to local stores, plus additional crops nurtured in small quantities for CSA members.

Come visit!

Our farm is located just 35 minutes southeast of Madison and 1 ³/₄ hours from downtown Milwaukee. CSA members are invited to visit our farm for several celebrations each season, including a strawberry festival, tomato u-pick, and a pumpkin U-pick and gleaning event. Children are welcome to explore the pumpkin patch, puddles with raccoon and bird footprints, butterflies and caterpillars. We charge for the strawberries & tomatoes you take home, but not for pumpkins or gleanings.

Member responsibilities. Members are expected to pick up their share during the scheduled hours, leave the empty box at the drop-off site, be respectful of drop-off sites located in members' homes, and read communications from the farm. Boxes not claimed during the scheduled hours will be given away.

HMO rebates. See the "HMO rebate program " section on our registration form.
