Community Supported Agriculture (CSA) consists of a community of individuals who pledge support to a farm operation so that the farmland becomes, either legally or spiritually, the community's farm, with the growers and consumers providing mutual support and sharing the risks and benefits of food production. Members or shareholders of the farm or garden pledge in advance to cover the anticipated costs of the farm operation and farmer's salary. In return, they receive shares in the farm's bounty throughout the growing season, as well as satisfaction gained from reconnecting to the land. Members also share in risks, including poor harvest due to unfavorable weather or pests. — *USDA definition*

Mini Share: A Mini Share is available as an introduction to the wonderful vegetables provided by the garden. Upon completion of the Mini Share period, you may transfer to a regular available share on a pro-rated cost basis.

Shares: On average, each weekly distribution provides a vegetable-loving diet for two adults or a vegetable-supplemented diet for a family of four. Extra produce may go to local Farmers Market.

Regular Season Shares are distributed from approximately mid-May to end of October.

Payment may be made in full when submitting the Shareholder Agreement /Volunteer Interest Survey.

Community: Shareholders are encouraged participate in the Garden community by volunteering three or more hours each month and by attending Shareholder Gatherings and Celebrations. A wide variety of volunteer work is needed, *year-round*, to maintain the low price of fresh, sustainably and locally grown produce.

Responsibility: Each Shareholder is a member of the community supported garden and agrees to act in a manner that is just and kind to the land, other members, and all creation when on the **La Vista** property. Each member benefits from the bounty of the garden, and also shares in the risks of each growing season.

Charity: The Garden is a 501(c)(4) Illinois Corporation. A percentage of shares are offered, based on need, at a reduced price. Additionally, excess produce may also be donated to the local food pantry.
