The price for your share is determined by the amount under the month that you have paid in full, not when you sign up. For example, if you join & pay for your large share and fruit share in Feb. your total is \$990.

**Please know that we can only feed 1 family per share. (No splitting shares please because of the unlimited already picked and u-pick options.)**

For every 50 families in our OCSA, we believe we can afford to give an OCSA share to someone or family who is in desperate need. In past years, we donated shares to families that had a family member battling a serious illness. We do not know how many families will be in our OCSA this year, but if you know of a family or individual that would benefit from a donated share, please let us know!

Please be aware that your CSA share is ***non-refundable***. We cannot guarantee each crop will be a success. In fact, some will undoubtedly fail or yield less, while others thrive. We take the weather God gives us and use it to the best of our ability. Improvements are added every year to limit crop issues, but we cannot eliminate every potential problem.

Please make checks payable just to: **Thorpes** (not Thorpe's Farm)

Mail to: 12866 Rt. 78, East Aurora, NY 14052

\*Note: Even if you are not paying early, please send in your forms a.s.a.p. so we will plan on you. There has been a lot of interest and we need to know early so we order and plant enough seed.
