- I am purchasing a "small" certified organic vegetable share for weekly pick up (20 weeks total)
- I am purchasing a "half" certified organic vegetable share for every other week pick up (10 weeks total)
- I am paying Thorpe's Farm for my share
- I am opting to have my share price deducted from my Moog pay

**Payment due by: June 1<sup>st</sup>, 2019**

**Small Veggie Share: \$475**  
**Half share: \$300**

**Please note that we can only feed 1 family per share. (No splitting shares please because of the unlimited pick your own.)**

For every 50 families in our OCSA, we can afford to give one OCSA share to an individual or family who is in need of nutritious produce. The donated shares are intended to help individuals or families that have health related issues, coupled with financial difficulties. We do not know how many families will be in our OCSA this year, but if you know of someone that could benefit from a donated share, please contact us with your recommendation. Everyone that purchases an OCSA share will have a part in providing organic fruits and vegetables to someone in need.

**These funds are non-refundable. We cannot guarantee each crop will be a success. In fact, some are undoubtedly going to fail or yield less while the majority thrive. We continue to add improvements every year to limit failures, but still cannot eliminate every potential problem.**
