If postmarked by:	Dec.31	Jan. 31st	Feb. 28th	March 31st	April 30th	May 31st
Large Veggie Share	\$625	\$635	\$645	\$655	\$665	\$675
Small Veggie Share	\$490	\$500	\$510	\$520	\$530	\$540
Fruit Share	\$360	\$365	\$370	\$375	\$380	\$385

The price for your share is determined by the amount under the month that you have paid in full, not when you sign up. For example, if you join & pay in full for your small share and fruit share in Feb., your total is \$880. If you sign up in Feb., but choose to do a payment plan, you'll pay the May price divided by the number of payments you choose to make.

For every 50 families in our OCSA, we can afford to give one OCSA share to an individual or family who is in need of nutritious produce. The donated shares are intended to help individuals or families that have health related issues, coupled with financial difficulties. We do not know how many families will be in our OCSA this year, but if you know of someone that could benefit from a donated share, please contact us with your recommendation. Everyone that purchases an OCSA share will have a part in providing organic fruits and vegetables to someone in need.

These funds are non-refundable. We cannot guarantee each crop will be a success. In fact, some are undoubtedly going to fail or yield less while the majority thrive. We continue to add improvements every year to limit failures, but cannot eliminate every potential problem.
