

# Rusty Bucket Mushrooms CSA

**-Who We Are-** Pete and Van met each other working on Thorpe's Organic Family Farm and developed a passion for growing and providing food to the WNY area. We have since started our own mushroom farm and are excited to partner with the Thorpe family to bring our mushrooms to their farm this season.

**-What to Expect-** We will provide 21 weeks

of diverse, locally grown gourmet mushrooms to complement your veggie and

fruit shares. With your share, we will provide a weekly newsletter with recipes to spark your culinary creativity. Your mushroom share start date will begin when Thorpe's veggie CSA begins, typically the 2nd or 3rd week of June. We will email you in early June with a start date confirmation.

**-Varieties-** Like vegetables, mushrooms are seasonal. Certain strains prefer specific conditions. We will provide a diverse selection of only the best mushrooms not commonly found in grocery stores such as Oysters, King Trumpets, Lion's Mane, Chestnut Mushrooms and more, as the season allows. Our mushrooms are a delicious, nutrient dense food, grown using sustainable farming methods.

**-Pricing-** Shares are available in two sizes: small ( ½ lb/wk - \$160 total) and large ( 1 lb/wk - \$250 total). This offers a discount over market prices, and gives you more variety than most grocery stores.

[Shares will be packaged in breathable, eco-friendly paper bags or boxes to reduce waste]
