SkyTab Glass SETUP GUIDE

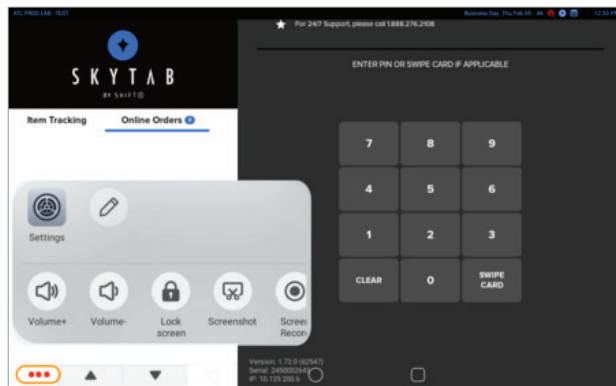

Thank you for choosing SkyTab Glass!

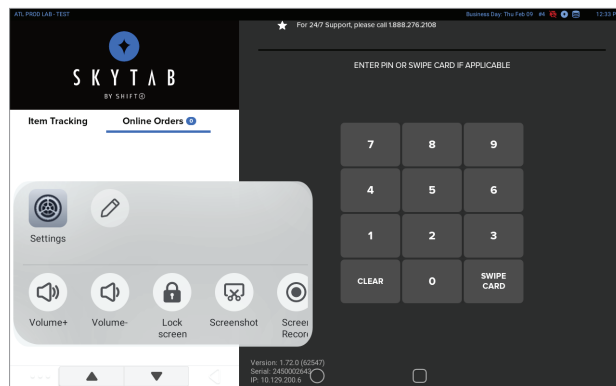

Please use this guide to set up your new hardware and connect to your network.

For any questions or concerns, please contact SkyTab Customer Support via chat at www.shift4.com/support or via phone at 888.276.2108.

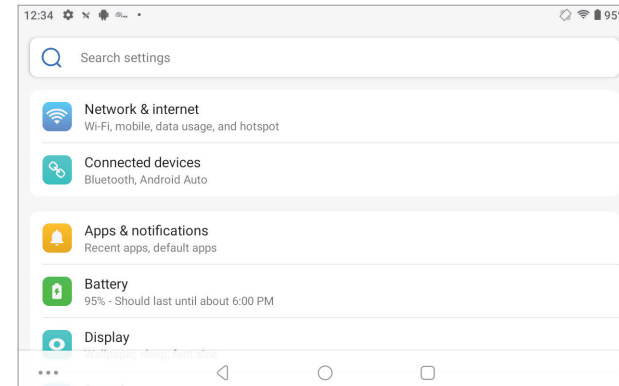

STEP ONE:

From the SkyTab Login page, swipe up to expose the Android Menu and tap on the overflow menu (three dots) on the left.

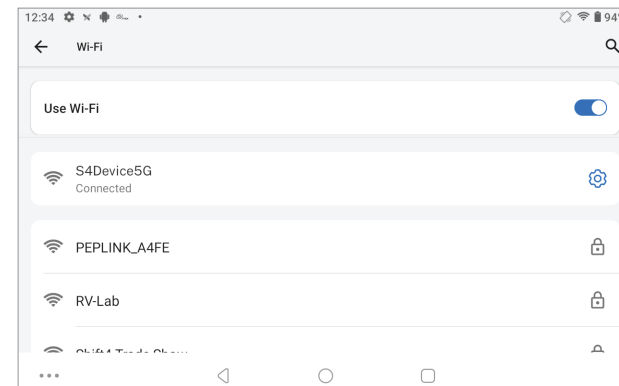

STEP TWO:

Select **Settings**.

STEP THREE:

Select **Network & Internet**.

STEP FOUR:

Choose the "S4Device5G" network. Input the passcode on the Wi-Fi Info Card provided with your router on initial install.

NOTE: If you do not have your password handy, contact SkyTab Support by calling 888.276.2108 or via live chat at [shift4.com/support](https://www.shift4.com/support).

NOTE: If your network was provided by a third party or internal IT team, please contact them to provide these details.

Scan the QR code or go to <https://www.skytab.com/QR/glass-setup> for printer setup.
