## OPERATING INSTRUCTIONS

Your Collins timepiece is fitted with the Miyota (Citizen) Cal. 6P80 multi-function movement.

The crown may be placed in 3 positions as per the image below.

- A. Fully pushed in – when in this position, the crown is secure and no adjustment can be performed.
- B. Partially pulled out – Rotate clockwise to adjust the date pointer, or counter-clockwise to adjust the moonphase indicator.
- C. Fully pulled out – when in this position, the crown can be rotated in both directions to set the time.

### Notes:

1. The date requires manual advancement for months with less than 31 days.
2. Do not manually adjust the date between the hours of 9pm and midnight to avoid damaging the mechanism.
3. Consult a newspaper or bureau of meteorology to obtain information on the current phase of the moon.

## WARRANTY INFORMATION

All watches purchased from Melbourne Watch Company come with a 24-month manufacturer's warranty.

This warranty covers material production defects concerning the watch, strap and movement.

It does not cover damage caused through misuse/physical force, or normal wear and tear.

Your warranty will be valid from the date of purchase and will be noted on a warranty card included with your order when shipped.

Your warranty will be rendered void if any attempts are made to repair or modify your timepiece without prior consent from us.

If you have an issue with your timepiece, please notify us via our website and we will do our best to assist you in resolving it as quickly as possible.
