

Wire Topologies

Q-Motion

Wire length up to 150'

The majority of standard Category cable utilizes solid core conductors that can be crushed or broken by Terminal Block Connectors. When terminating UTP cable into Terminal Block Connectors it is recommended to use an RJ45 to Terminal Block adapter (available at screeninnovations.com). Alternatively, the conductors should be tinned and given proper strain relief to help mitigate the risk of damage.

Somfy

Wire length up to 240'

Do not connect Drain Wire

Wire Topologies

Crestron

Wire length up to 150'

Do not connect Drain Wire

Please connect a jumper wire between the V- with the G for this type of wire

Wire length up to 300'

Do not connect Drain Wire

Please connect a jumper wire between the V- with the G for this type of wire

Wire Topologies

Lutron

Wire length up to 150'

Do not connect Drain Wire
