

Get the ACC App

Step 1

Download the official ACC Sports mobile app, available in the iTunes store and in the Google Play Store.

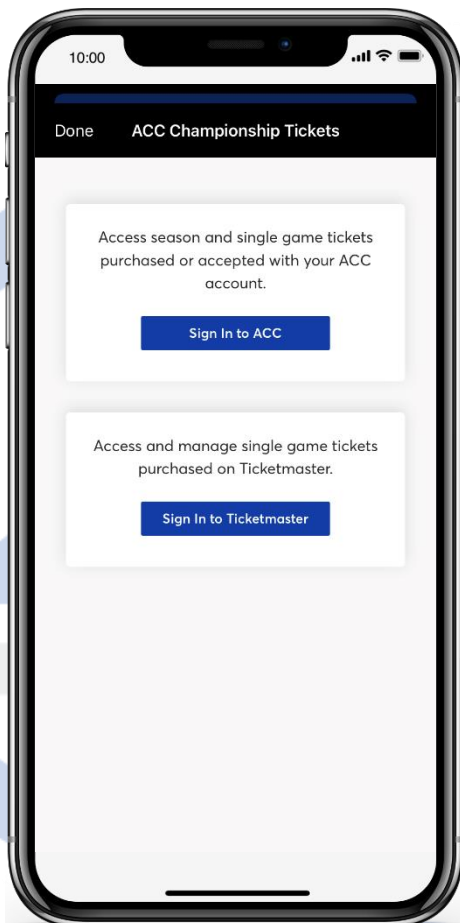

Step 2

Within the app, click "Tickets" on the bottom navigation menu.

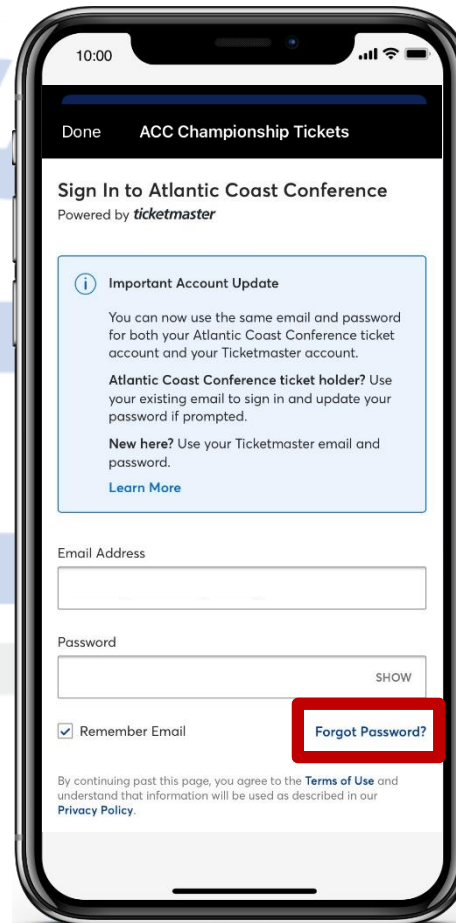

Accessing your Account

Step 1

Use your account login credentials to sign into your account.

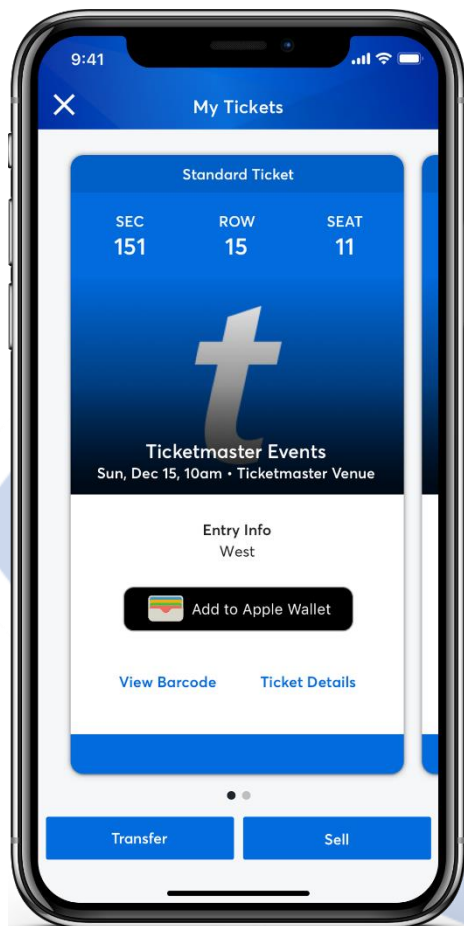

Step 2

When you do this for the first time, you will need to click "Forgot Password?" to create a new universal password for your use across all of your Ticketmaster accounts.

Accessing your SafeTix

Step 1

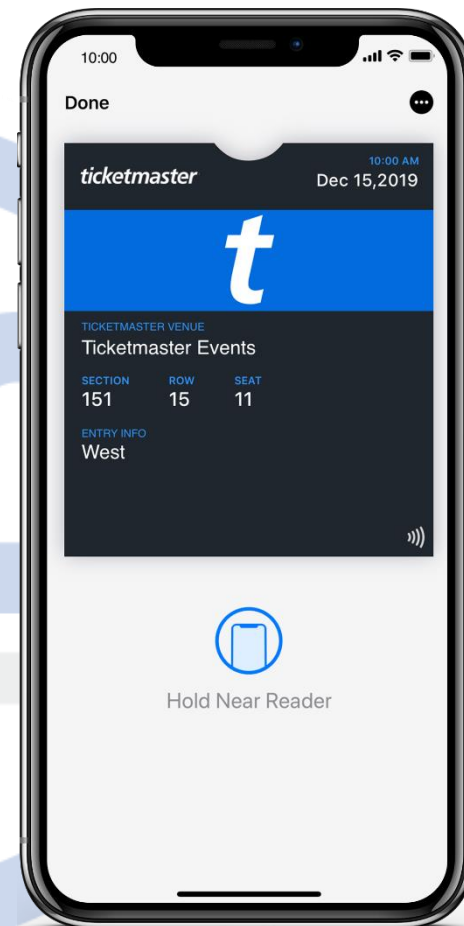

Select the ACC Football Championship Game Event to view your ticket, then tap **View Barcode**.

Step 2

At the gate, have your phone out and ready to go - you'll simply tap, scan and go to enter.

Step 3

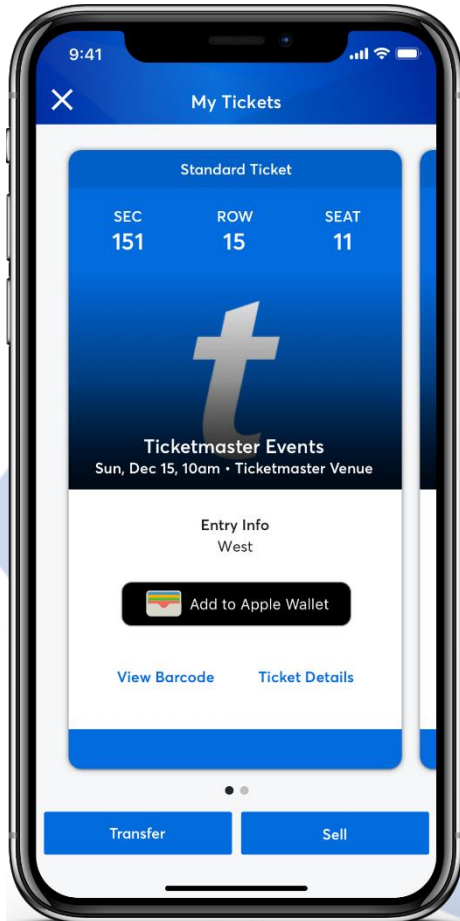

For even faster entry, add your ticket to your phone's digital wallet. You'll breeze through entry with a quick tap and go at the gate.

Important Tip: Screenshots and prints out are not valid for entry. Add your ticket to your phone's wallet and they're always ready, even when WiFi is slow.

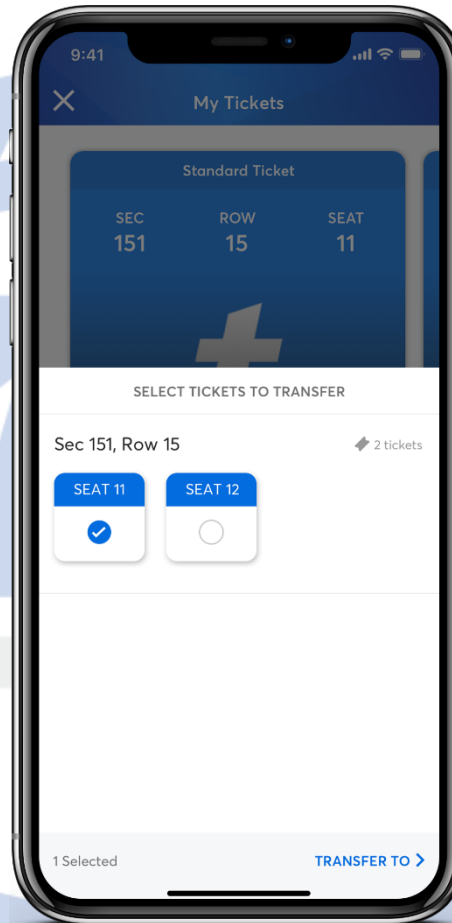

Transfer your SafeTix

Step 1

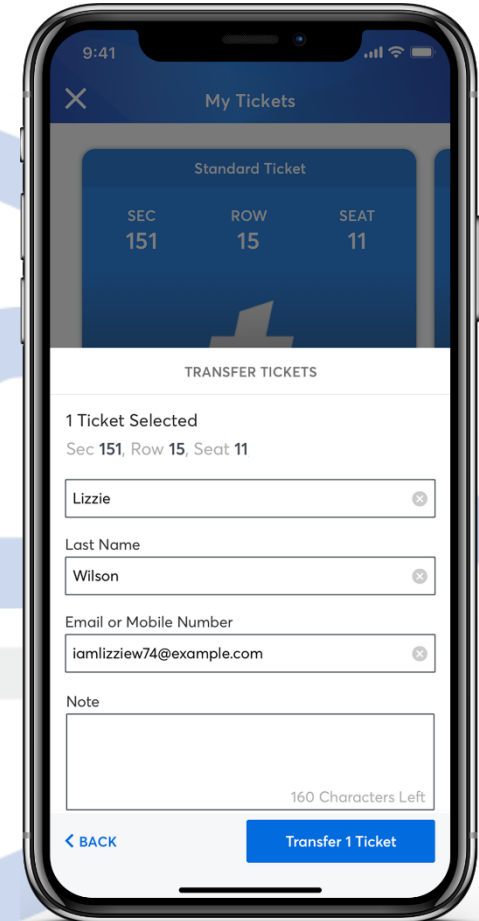

From your app, tap on your event to view your ticket, then tap **Transfer**.

Step 2

Select the tickets you'd like to transfer.

Step 3

Enter your recipient's information, tap **Transfer Tickets** and you're all set.

When transferring tickets you'll receive two (2) emails: one confirming your ticket(s) have been sent and another when your recipient accepts the tickets you sent. Your recipient will also receive an email prompting them to accept your tickets. Once the ticket transfer has been accepted, the tickets in your account are no longer valid and you will not be able to get into the event with those tickets.

*Those receiving a ticket transfer must have an account. If they do not have an account, they can easily create one when they accept the tickets.
