Quarterfinal #1 Post Game Quotes

#2 Vermont vs. #7 New Hampshire

Vermont Head Coach Sharon Dawley

"Coming in with so much respect for UNH we really wanted to come out of the gates strong, and I think we did that on the defensive end. We've had a lot of success this year when defense is our offense"

"Obviously, it's anyone's tournament so we have to come back with another 200% effort, especially on the defensive end tomorrow to get it done."

Vermont senior guard Sara Fenton

"I think at this point in the year, every senior knows that any game could be your last, and you have to go out with the mindset that you need to work as hard as you can because you might never get this opportunity again"

Vermont sophomore guard May Kotsopoulos

"Our defense propels us to offense. If our defense is on point, watch out."

New Hampshire Head Coach Kristin Cole

"I'm really proud of our kids. We have a young team, and we haven't been healthy all year, and we've played hard, and they've battled, and the future is bright for our program."

"Vermont's a very, very good team and they played exceptionally well today. They've got a lot of talent, as was showed."
