#1 Hartford vs. #9 Stony Brook Post-Game Quotes
March 14, 2008

Hartford Head Coach Jen Rizzotti

"I really thought the difference was we were able to go to our bench and go deep into our bench and maintain our intensity as they got tired throughout the game...Any time you can get any win in the tournament against any seed, you're happy. So we're certainly pleased to be moving forward."

Hartford junior guard MaryLynne Schaefer

"Whenever you're able to knock down a shot, it feels like you get the whole team going too. We tighten up our defense even more. When anyone is able to hit an outside shot we all get fired up, and it changes the rhythm of the game and we took them out of it from there."
