

**America East Men's Basketball Championship**  
**Quarterfinals: #6 UMBC 79, #3 Boston University 75 (OT)**  
**Postgame Quotes**

**UMBC Head Coach Randy Monroe**

**On the type game it was**

" It's typical of what the America East Conference has been like all year. Every game has been a war, it has been a dog fight."

**On Darryl Proctor**

" I can't tell you how proud and fortunate I am to have had the opportunity to coach Darryl (Proctor). He put us on his back and he was not to be denied tonight. I cannot tell you how proud I am of him tonight and of what he's done for this program."

**On his team's four turnovers**

" I think all year we've done a tremendous job of taking care of the basketball, a lot of that has to do with Jason (Greene)."

**UMBC Senior Forward Darryl Proctor**

**On the season series with Boston U.**

"The only thing going through my head was the overtime game we lost to them over there. It's hard to beat a team three times so it was bound to happen, we already knew."

**On shot that sent the game to overtime with under three seconds remaining**

"It was either me or Jason (Greene) to take that shot and I had the ball in my hand so I took the initiative to shoot it."

**UMBC Senior Guard Jay Greene**

**On Darryl Proctor**

"He can put a team on his back when needed and he did that tonight for this team."

**Boston University Head Coach Dennis Wolff**

**On his team's performance**

"Our inside players didn't really come with the right approach in a game like this. They (UMBC) got extra shots, those are the things that really hurt us"

**On the future**

"We return most of these guys, and if we want to take the next step that everyone at BU expects us to, we need to have the maturity thing kick in. We can't be good one day and bad the next day."

**Junior Guard Corey Lowe**

**On going into overtime**

"We played a couple of overtime games this year and have had a lot of success so I wasn't too worried about it"

**Senior Forward Matt Wolff**

**On his career**

"I had a great experience, we had ups and downs, but I was happy and am just disappointed in the way we ended."
