

**2014 America East Men's & Women's Basketball Championship Presented by SEFCU  
Women's Semifinals No. 2: #2 Stony Brook 79, #3 New Hampshire 59  
Postgame Quotes**

**New Hampshire's Coach Maureen Magarity's opening statement:**

It was a tough game for us. We didn't shoot the ball well, it wasn't our day. Credit to Stony Brook, they came out sharp and shot the ball very well. It was our game plan to pack it in the middle and to force them to shoot some threes. They came out shooting the ball very well and they did a nice job of maintaining the lead. Overall, I am so proud of this team and so proud of Kelsey and everything she has accomplished and how she has helped the program. All in all, I am very excited about our future and I cannot say enough great things about Kelsey.

**New Hampshire's Kelsey Hogan on Stony Brook:**

They are a very aggressively defensive team; they really get out and pressure you. All around, Stony Brook came out to play today and they are a great team. I wish them the best of luck.

**New Hampshire's Elizabeth Belanger on how Stony Brook was different in this game compared to others:**

They were aggressive as usual. We were attacking first half which was going really well for us, but we settled for jump shots in the second half. We did not get to the line that much which really hurt us. Stony Brook came to play and I give them credit.

**New Hampshire's Coach Maureen Magarity on the future of the team and senior Kelsey Hogan:**

It is hard this time of year to think about your future because you are so devastated. It is tough to end your season on a loss, especially this year. Kelsey Hogan is a coach's dream and I was lucky enough to get to coach her for four years. You do not hear of too many sixth year seniors. Kelsey has given her heart and soul to this program and university. I am so blessed to have had the chance to coach her. Kelsey has bigger and better things ahead of her; she is going to make a great coach someday. Our future as a team does look bright, we have one senior. It will be a big hole to try and fill. We have some great scorers. Elizabeth (Belanger) had a breakout year this year as a scorer. We have signed five incoming freshman for next year, which will definitely help us.

Postgame Quotes**

**Stony Brook Coach Beth O'Boyle's opening statement:**

I thought that today's game was kind of the best of America East. We look at New Hampshire with such respect, and I've been so impressed with Coach Magarity and how she built her program. I think that Kelsey Hogan is one of the best players there is in the league. I will be sending her a graduation gift because she has been so tremendous all year. We knew that we would have to play a great game offensively and all be on the same page in order to come out and earn a victory. They definitely made us work. I thought it was tremendous and I was really impressed with our team's ability to get up and defend, and also get to the offensive glass. Those were really two things that really helped us earn the win.

**Stony Brook's Teasha Harris on putting their emphasis on defense:**

Defense for us is a big thing. We take big pride in our defense. Shutting down as much as we can, doing what's expected of us to the highest level and we just wanted to capitalize on that.

**Stony Brook Coach Beth O'Boyle on strategy:**

We talked a lot the whole game about the ball pressure and it didn't matter who we were on. We really wanted to make sure we were pressuring the ball. I thought we had a variety of players that we could put on Hogan. I thought we had great production off the bench from Kristie Costantino. I thought then Kori [Bayne-Walker] came in and was pressuring the ball. Then you are relying on your regular players and Chikilra [Goodman] is making others work. Teashas in, and it was just a group effort with us to really try and defend.

**Stony Brook's Chikilra Goodman on dominating the boards:**

Our goal is to crash the boards. We have the ability to crash the boards and we knew we had to box out in order to crash the board and run. So by us crashing it helped us to run and keep the game going.
