Bylaws Affecting 2-4 Transfers Attending Summer School on Athletics Aid

Reminder: The provision of summer school athletics aid to a 2-4 transfer student-athlete causes the student-athlete to officially reach "transfer" status per Bylaw 14.5.2. Thus, the 2-4 transfer must meet all requirements BEFORE accepting summer school athletics aid or he/she would be subject to the one-year residence requirement at the certifying institution.

Bylaw 14.5.2 Conditions Affecting Transfer Status.

A transfer student is an individual who transfers from a collegiate institution after having met any one of the following conditions at that institution:
(h) The student received institutional financial aid while attending a summer term, summer school or summer-orientation program (see Bylaws 15.2.8.1.3 and 15.2.8.1.4). A recruited student who receives institutional aid pursuant to Bylaw 15.2.8.1.4 is sub-

ject to the transfer provisions, except that a prospective student-athlete (recruited or nonrecruited) who is denied admission to the institution for full-time enrollment shall be permitted to enroll at another institution without being considered a transfer student.

Bylaw 14.5.4.5.5 Transfer to Four-Year College Prior to Completion of Requirements.

The requirements set forth in Bylaw 14.5.4 must be met prior to a student-athlete's transfer to the certifying institution. Thus, if a two-year college student transfers (as defined in Bylaw 14.5.2) to a member institution prior to the completion of applicable transfer requirements, the student is subject to the one-year residence requirement at the certifying institution, even though the student transfers back to the two-year college and completes the necessary requirements.

Bylaw Review: 17.1.6.2.1.2 Championship Subdivision Football

In championship subdivision football, a student-athlete may not participate in any countable athletically related activities outside the playing season during any institutional vacation period and/or summer. Certified strength and conditioning coaches, including countable coaches, may design and conduct specific workout programs for student-athletes, provided such workouts are voluntary and conducted at the request of the student-athlete.

SUMMER CAMP REMINDER: Institution's Coaching Staff Videotaping Prospective Student-Athletes

Date Issued: Dec 08, 2004

Type: Staff Interpretation

Interpretation:

The membership services staff determined that an institution's coaching staff member may videotape a prospect's regular practice sessions and regular game competition (e.g., high school or club team competition) during contact or evaluation periods, including any summer evaluation periods, provided the coaching staff member does not arrange or direct the prospect's activities. It is not permissible to video-

tape summer camp competition because it is not considered regular game competition.
