The first regional rankings will be released on Monday, October 28. Following the selection of seven teams from each of four Super Regions by the NCAA Division II Football Committee, all pairings will be made using the following principles when pairing teams:

1. The teams awarded the #1 seed in each of four Super Regions will receive a bye in the first round and be placed in the appropriate positions in the bracket in their selected Super Region (in each Super Region bracket, seeds #1 [bye] and #4 in the upper half with one unseeded team; and seeds #2 and #3 in the lower half with two unseeded teams);
2. Teams that are selected in the #5, #6 and #7 spots in each Super Region will be considered 'unseeded' and can be paired with any #2, #3 or #4 seeded team in the first round. Unseeded teams may be placed in any Super Region if doing so reduces the number of flights in the first/second round.
3. Teams that reach the field via Earned Access will be paired with a #2 seed in the opening round in their home Super Region (unless preliminary round flights can be reduced by being paired with a #2 in an alternate Super Region). In the event that multiple teams earn berths in the field via earned access, those teams shall compete against seeds #2 and #3 in the first round in an appropriate seed order as determined by the committee.
4. Twenty-four teams (all teams that are not #1 seeds) will play first-round games. Seeds #2, #3 and #4 in each Super Region will be paired with any unseeded team.
