SAFETY IS A TEAM EFFORT

Every person has a unique perspective of the COVID 19 pandemic. Every one of us is unique. Our measure will be true restriction for some and too lenient for others. All we ask is that you respect others, follow our guidelines and support the Cyclones. We have limited these measures for the football season to mitigate risks for our fans, but it’s still critically important for everyone to individually do their part to fight the pandemic and keep everyone at the game safe.

- Practice physical distancing when possible
- Peruse through hand hygiene
- Wear a face covering at all times
- Enforce patience and understanding
- Wear protective face coverings at all times

This is subject to review as change may happen. We will continue to offer updates as needed.

Thanks for your cooperation, and Go Cyclones!

2020 CYCLONE FOOTBALL
HELP TACKLE COVID-19!

We are not placing the COVID-19 crisis in personal safety near top priority. We would like to thank all of you who are working hard and make sure that your health and safety requirements are in place to create a safe environment. The ability to continue to allow fans to attend football games will be directly contingent on how well our fans comply with the mitigation strategies we are implementing.

Our staff has outlined countless mitigation concepts and, in this document, we share our plans. It will ultimately be up to each individual to decide if they are comfortable attending games given these mitigation measures. We appreciate your loyalty and look forward to seeing you at MidAmerican Energy Hall at Jack Trice Stadium.”
