SAFETY IS A TEAM EFFORT

Every person has a unique perspective of the COVID-19 pandemic. Some are fearless, others are cautious. Our measures will be too restrictive for some and too lenient for others. All we ask is that you respect others, follow our guidelines and support the Cyclones.

We have initiated these measures for the basketball seasons to mitigate risks for our fans, but it’s still critically important for everyone to individually do their part to fight the pandemic and keep everyone safe.

We know how impactful ISU basketball is for the community during the winter months and our staff is working diligently to prepare Hilton Coliseum so that we can entertain crowds, although significantly smaller than normal, safely this season.

It is our intent to host significantly basketball games our mitigation and they are successful.

It will ultimately be up to each attendee to decide if they are comfortable attending games given the mitigation measures outlined here. We appreciate your support. Go Cyclones!
