SAFETY IS A TEAM EFFORT

Every person has a unique perspective of the COVID-19 pandemic. We are one family, all of us are connected.

Our measures will be too restrictive for some and not protective enough for others. For the benefit of all, we need everyone to respect their part to fight the pandemic and keep everyone attaching the games safe.

• Practice physical distancing when possible
• Practice frequent hand hygiene
• Wear a face covering when in contact or where social distancing is not possible

Lyrically, this message is unique to each venue and is subject to change. We will continue to offer updates as needed.

Thanks for your cooperation, and Go Cyclones!

HELP TACKLE COVID-19!

PRE-GAME

A seating chart of Jack Trice Stadium is available by clicking here. Please practice physical distancing when possible.

• Doors will be propped open where possible
• Hand sanitizing stations re-filled continuously
• Face coverings / temperature checks required for all guests
• Face coverings are non-negotiable for all fans across the stadium.

No tailgating allowed on any university-owned facilities. Fans cannot set up items normally associated with a tailgate. Fans are encouraged to park, gather their game gear and walk directly to the stadium for entrance.

GATE ENTRY

• Face coverings required throughout the stadium
• Hand sanitizing stations re-filled continuously
• Face coverings / temperature checks required for all guests
