HEAD COACH BILL SELF
On the all-time record from three and total domination:
“They got out early and were ready to play. We shot the heck out of it. They started zone and went to man. Our five guards that played all of the minutes went 18 for 33. That’s pretty good. That was impressive. We didn’t rebound the ball defensively very well. The big guys did a terrible job of going over and trying to help. They (Texas Southern) just lobbed it up to their big guy and he just dunks it. There were some good performances and it was good to have seven guys in double figures.”

On Sviatoslav Mykhailiuk’s performance:
“I guess he was our leading scorer. Udoka (Azubuike) had 20 and Lagerald (Vick) had 19 and Devonte’ (Graham) 17. I thought Marcus Garrett played great, too. I thought he was our best defender in the first half. Devonte’ controlled the game, Lagerald did a lot of good things and I thought it was good to see Mitch (Lightfoot) come in and have some positives as well.”

On Marcus Garrett’s performance:
“He’s got two double-doubles in his four games already as a guard. That was great. It wasn’t a hard game. We didn’t have to tax ourselves too much because we shot the ball so well.”

On Texas Southern:
“You watch. They’ll end up winning their league by four games or what not, play somebody in the NCAA Tournament and somebody is going to be calling us and asking for a scout report. One (Donte Clark), three (Demontrae Jefferson) and five (Trayvon Reed), those guys are all really good for that level. I’d be surprised if they’re not all-league type players, all of them.

On what he knows about Oakland:
“Not a lot yet. Historically, they’re always good. They’re going to play fast. I think it’s either their second-leading returning scorer or their leading returning scorer from last year, they get him back. He was ineligible the first four games for a screwy academic rule. He’s eligible and they had a guy averaging 30 going into this past week. It’ll be a different game. The next two games for us at home are key. We need to play well against Oakland and Toledo before we go on the road to face Syracuse.”

On the team’s Thanksgiving plans:
“Thanks for asking, Greg. We’re going to eat at McCarthy Hall with our group and with their families and all of our families and break bread there. Practice before that and hopefully not get too stuffed that we can’t be effective on Friday. It’s a lot to be thankful for. Obviously it’s just Tuesday, but I know our players are looking forward to getting some good ole home cooking.”

KANSAS SENIOR G DEVONTE’ GRAHAM
On how he felt in the game:
“It still felt good, still didn’t shoot the ball well but you know, I felt like I played a really good game, making plays and stuff like that. It was good to see a couple of shots fall and everyone shot the ball really well, so we looked good.”

On school record 19 3-pointers:
“I feel like every year something happens when we break a record or coach gets a record passing people. Tradition is great to be a part of something so special.”

On making 12 first half threes:
“We shot the ball and it seemed like we couldn’t miss. So guys’ just being confident and putting it up and making shots, making that extra pass. We made it fun and we looked good.”

KANSAS SENIOR G SVI MYKHAILUK
On what felt different for him tonight:
“Really nothing, just open shots. The only time (I can remember) having literally four or five that were open. I made all of them and missed a couple and Devonte’ was drawing the ball pretty good on Lagerald. I’m just trying to make the best difference that I can and just kick it out.”

On what makes Devonte’ such a good player:
“I would say his vision and that he can go by anybody. If you go by anybody it’s like four against five.”

KANSAS JUNIOR GUARD LAGERALD VICK
On if Coach Self was emphasizing him shooting threes:
“Not really. I would just get my opportunity to touch the ball, and moving the ball, and shooting the ball.”
TEXAS SOUTHERN HEAD COACH MIKE DAVIS

Opening statement:
“I’ve never seen a team pass the ball or shoot the basketball as well as they do. It was a really great opportunity for us because we leave tomorrow to go play Clemson on Friday. This game right here will get us ready for our next game.”

On KU’s weaknesses:
“Most of the time when you play teams you know there’s one guy that can’t shoot the basketball and you can leave him a little bit, but the way they shot the ball and the way they shoot the basketball, they’re not deep, but they don’t need to be deep. I wish they had three more players they could put in and take away from those guys. I love the way they play, that’s the way I want my guys to play. When we get to January and we’re playing in our conference, that’s the way we want to be playing basketball. That’s a good basketball team right there.”

On Devonte’ Graham’s ability to control a game:
“I think that he’s an unbelievable player. He’s one of the best point guards in the country. I think we have on our team one of the top point guards in the country. It was a good opportunity for us to face him. He leads that team, Trae (Demontrae Jefferson) leads our team. He’s a special player as well. Just the matchup I want to see, those guys going against each other and both guys played well. That’s what you want. It’s just like our big guys, Trayvon (Reed) doesn’t really get a good chance to see big guys man-to-man, one-on-one. We played Syracuse and they played a zone so he really got a chance to take his game to another level. So these guys right here, I’m proud of the way they played and we’re going to continue getting better. I’ve been around for a long time and if you play basketball like they play basketball, they’ll be cutting the nets down.”

On Kansas making 19 3-pointers:
“Coach Self called me today on the phone about when I was the head coach at Indiana we played him when he was at Illinois and it was the same kind of deal. Our guys came out and I think we had like 19 threes. It was just a crazy amount of threes for us to hit in a game. I think he kind of jinxed it and got 19 threes today. That’s a great team, you guys see them all of the time and we only get the chance to watch them on film, but to be in person and to see guys share the basketball and even the walk-ons were sharing the basketball and that’s the time when you try to get your points. They’re a well-coached team and I’ve said this before, but I think Coach Self is one of the top five coaches in college basketball. He’s unbelievable.”

REDSHIRT JUNIOR CENTER TRAYVON REED

On playing against Udoka:
“That was probably the best big I’ve played so far this season. Big player, demands the ball a lot. I would say that’s probably the best matchup I’ve faced this year. It was a good opportunity.”
