MAC Teams In The NCAA Tournament

NCAA DISTRICT/REGIONAL PLAYOFF RECORDS

(Note: Prior to 1954, district playoff games were not counted as a part of the NCAA national championship. However, all district playoff games involving MAC teams are considered in the results but not in the standings. In 1977, Miami became the first MAC team to receive an at-large bid, and played in a district other than District Four. Also, the appearances by Ball State, Buffalo, Marshall and Northern Illinois came when the school's were not members of the MAC but the records and results have been provided.)
