# *MVC Standings Chase (Since 1991-92)*

**At the Midway Point**

From 1992-93 through 2025-26, 44 of 47 MVC teams in the lead (or co-lead) at the break have reached post-season play. (*This does not count the 2020 season, during which all post-season events were canceled due to the COVID-19 pandemic. UNI – the sole leader with nine MVC games remaining that year – would have been either in the NCAA as an at-large or in the NIT as the league's AQ*.) **In 2025-26, Belmont (8-2) and Murray State (8-2) shared the MVC lead after 10 games. Murray State played in the NIT, and Belmont opted out of the NIT.** Since 1992, mid-year leaders Bradley (1994, 1999 & 2025), Illinois State (1996 & 2017), Wichita State (2005), Creighton (2006), Missouri State (2011), Loyola (2019 & 2022), Murray State, 2026) played in the NIT; Drake (2022) played in the CBI; Indiana State (2024) played in the NIT (and 31 additional midway leaders reached the NCAA Tournament). From 1992-93 through 2021-22, every MVC leader (or co-leader) at the midway point reached post-season play.

**With Six League Games Left**

From 1991-92 through 2021-22 (10-team format), 29 of 34 regular-season champs (or co-champs) have been in the lead (or tied for the lead) through 12 games of the league's 18-game MVC schedule. The MVC adopted a 20-game league schedule in 2022-23. The only three teams in sole possession of first place with just six games left that failed to win or share the league's regular-season title include Wichita State (10-2 in 2005, 10-2 in 2011) and Creighton (11-1 in 2012). Four MVC teams (Bradley, Belmont, Drake, Southern Illinois) were tied for first (10-4) with six games remaining in 2022-23.

- Since 1991-92, no MVC team with a two-game lead with six games remaining failed to win the league.
- Since 1992-92, the MVC's eventual league champion won its final six games 15 times (in 34 seasons).
- Only three MVC eventual champs since 1991-92 had sole possession of first place with six league games remaining and then lost three of their final six games in the regular season (Drake in 2008, UNI in 2009, and Loyola in 2019).

# Missouri Valley Conference vs. the Top 25

The following is a year-by-year breakdown of Missouri Valley Conference records against non-conference top-25 opponents. Associated Press rankings indicated, and only MVC wins are listed.

Notes on the Associated Press poll:

• *The Associated Press began its basketball poll on Jan. 20, 1949. Starting in 1961-62, the AP provided a pre-season poll. From 1949 through 1961, and from 1969 through 1989 only a Top 20 was recorded, and from 1962 through 1968 only a Top 10 was recorded. The AP has conducted a top-25 poll since 1990. The AP conducted post-season tournament polls in 1953, 1954, 1974 and 1975. All other AP polls are for the end of the regular season.*

# Missouri Valley Conference in the Metrics

For 2018-19, the NCAA Men's Basketball Committee adopted a new ranking system to replace the RPI. The initial iteration of the NCAA Evaluation Tool, or NET, relied on game results, strength of schedule, game location, scoring margin, net offensive and defensive efficiency and the quality of wins and losses.

Beginning with the 2020-21 season, however, the NET was changed to increase accuracy and simplify it by reducing a five-component metric to just two. The remaining factors include the Team Value Index (TVI), which is a result-based feature that rewards teams for beating quality opponents, particularly away from home, as well as an adjusted net efficiency rating. The adjusted efficiency is a team's net efficiency, adjusted for strength of opponent and location (home/away/neutral) across all games played.

The RPI was used by the men's committee from 1981-2018 and consisted of three factors (team's Division I winning percentage, team's schedule strength, and team's opponents' schedule strength). Below is a listing of annual season-ending RPIs and NET rankings for The Valley and its members. *(RPI information courtesy of Jim Sukup, Collegiate Basketball News – data unavailable prior to 1991-92; NET rankings courtesy of the NCAA.)*

### Teams in The Top 100 Since 1992 - Selection Sunday Data

Since 1992, 106 of 122 Missouri Valley Conference teams with regular-season NETs or RPIs (on Selection Sunday) in the Top 100 have participated in the postseason. A top-75 finish in the regular-season metric has resulted in a post-season berth for 80 of 81 Valley teams that had a Top-75 NET on Selection Sunday (Belmont, which opted out of the 2026 NIT, is the exception on that list).

# Missouri Valley Conference in the Metrics

In 2006 – Mark Turgeon coached Wichita State to a regular-season title and the league achieved its highest rating in the RPI (6), matched again in 2007.

In 2006, Missouri State (Blake Ahearn pictured) became the first team in NCAA history rated better than 30 in the RPI not rewarded with an NCAA bid.

## MVC Among National RPI/NET Leaders

The MVC was at No. 9 in the final NET rankings in 2025-26. Since 2005, The Valley has finished among the Top 9 conferences 10 times, which includes an MVC-record No. 6 ranking in 2005-06 and in 2006-07. The Conference finished No. 7 in the RPI in 2010, and The Valley has also reached No. 8 in six other seasons (1999, 2005, 2008, 2012, 2013, 2018).

## MVC, an RPI/NET Snapshot

The Valley's No. 6 RPI ranking in 2006 and 2007 is an all-time best. Listed below are the Missouri Valley Conference season-ending rankings for the last 10 seasons (2018-19 marked the first year for the NET):

## RPI/NET: 40 or Better Make the NCAAs

Since 1990-91, 1331 out of a total 1391 eligible teams from No. 1-40 have made the NCAA Tournament. Only 46 eligible teams (including nine from The Valley) ranked 40 and better in the past 27 years have *not* made the NCAA Tournament, most recently (from The Valley) Indiana State (28) in 2023-24. Missouri State (rated No. 21 in the RPI in 2006) was the first team 29 or better not selected. In 2009, Creighton was the first team in NCAA history to have a 40 RPI or better (40) and 26 wins to be denied an NCAA Tournament berth. Indiana State, which reached the finals of the 2024 NIT (falling by two points to Seton Hall), is the highest NET-rated team (28 on Selection Sunday) to not be selected as an at-large team.
