NICHOLS COLLEGE ATHLETICS MISSION AND PHILOSOPHY

Within a supportive community, Nichols College transforms today’s students into tomorrow’s leaders through a dynamic, career-focused business and professional education.

To support its mission, Nichols College
- Offers an experiential business curriculum with a strong liberal arts foundation, as well as diverse co-curricular opportunities.
- Integrates into the student experience programs and activities that cultivate and enhance professional skills and readiness.
- Develops the communication and critical thinking abilities, the ethical and cultural perspectives, and the necessary teamwork skills that are required of leaders in a global economy.

The Athletics Department places the highest priority on the total educational experience of each student-athlete. Educational benefits offered in the classroom through athletic activities and community service play an important role in the personal and professional development of our student-athletes.

IMAGE OF NICHOLS COLLEGE ATHLETES

As a collegiate athlete on this campus, your visibility is high. At every event across the campus and throughout your travels, 24/7, 365 days, you represent your teammates, your coaches, the college, your family and most importantly yourself.

BISON PRIDE

Your commitment to the program will not just be in your accomplishments on the fields, courts, courses and ice but in the way you present yourself in everything you do. Show your Nichols College pride by holding the honor of participating in collegiate athletics in high esteem. Remember that all eyes are upon you!

It is with great pride and responsibility that our student-athletes, coaches and staff represent Nichols College, striving to achieve our goals of excellence.

ACADEMIC RESPONSIBILITIES

The Athletics Department offers an intercollegiate athletics program designed to assist each student-athlete in securing an academic degree and meeting the objectives of the college. When participating in the program, student-athletes must accept responsibility for their personal conduct.

For a student to participate in athletics, he or she must carry 12 credits per semester and be in good academic standing.
Credit-Hours Attempted/Earned | Cumulative GPA
--- | ---
1-31 | 1.5
32-45 | 1.75
46 or more | 2.0

Students whose cumulative grade point average (GPA) falls above the following thresholds are allowed full participation in any intercollegiate event or program. (Unless otherwise determined by the Director of Athletics and/or Coach)

**Academic Suspension Warning:** Students whose cumulative grade point average (GPA) falls below the minimums established above will be placed on Academic Suspension Warning (ASW), and will be enrolled in the College Success program. At Nichols, students on ASW have the right to participate in clubs, activities, intramurals, NCAA Athletics, etc. Therefore, student-athletes who fall in this category may participate in intercollegiate athletics at the discretion of the Director of Athletics and respective Head Coach.

**Academic Suspension:** Failure to meet the minimum required cumulative grade point average for good academic standing by the end of the next nine or more credit hours will result in Academic Suspension. Additionally, if any student receives less than a 1.0 GPA in any one semester in which he or she was enrolled for nine or more credits, the student will be placed on Academic Suspension. (Student Athletes who fall into this category are not eligible to participate in any collegiate or intercollegiate event as they are not eligible to be enrolled as a student).

Students are permitted to appeal an Academic Suspension.

**Academic Probation:** A student who appeals an academic suspension and is permitted to re-enroll falls into the category called Academic Probation. No student on Academic Probation may participate on a Nichols College varsity athletic team. As an exception to this rule, in cases where a student’s overall GPA is 2.0 or above, Academic Probation does not prohibit participation intercollegiate athletics.

**Transfer Students:** Transfer students, before their second semester at Nichols College, must achieve a GPA of 1.75. Students who have not met this requirement before their second semester at Nichols will be placed on Academic Probation and are not eligible to participate in intercollegiate athletics while on Academic Probation. Thereafter, they must follow the previously stated GPA guidelines.

Those students who are on academic probation at the end of the semester will be notified of their ineligibility in athletics.

For a complete rundown of these policies with additional details, please refer to the Nichols College Catalog at [http://issuu.com/nicholscommunications/docs/nichols-college_2015-2017_catalog?e=1322325/30254707](http://issuu.com/nicholscommunications/docs/nichols-college_2015-2017_catalog?e=1322325/30254707) or by accessing the Nichols College portal and clicking on the catalog link under the Academics heading in Web Advisor.
Student Athletes are expected to:
Attend all classes and complete all academic assignments
Be honest and truthful in all academic work, contacts with faculty, and interactions with fellow students.

Student-athletes are expected to demonstrate satisfactory progress through the semester. For any deficiencies noted at the mid-term, the student-athlete must meet with their coach and advisor to prepare an academic plan addressing the deficiencies. The plan will specify the necessary steps to correct the deficient grades and must be approved by the student’s advisor if the student is to remain eligible. Three or more deficiencies at the mid-term places a student on “athletics academic warning” and the student may become ineligible.

Alert an equipment room staff member as soon as possible if any of your equipment or apparel needs repairs, tailoring, replacement or exchanges.

If items are not returned, the Athletics Department will post an amount due to the student's account. Failure to adhere to the due date on the bill will result in a submission of a report to the Dean of Students for Theft/Destruction of College Property and a hold will be placed on the student's academic transcripts.

MEDICAL CARE AND INSURANCE POLICY

Your physical welfare is very important to us at Nichols College. If you are injured during athletic competition or practice you will receive excellent medical care. Recuperation and recovery after an illness will be closely monitored by the Sports Medicine Staff to ensure that you will be at your peak level of physical health when competing. They are dedicated to helping you achieve your goals. With athletic participation comes the inherent risk of injury, and we are here to help you in the following ways:

- Reduce the risk of injury through physical screening, conditioning programs and education.
- Should an injury occur, be available for consultation, referral to the trainer, and develop a treatment and rehabilitation program that will guide you to full recovery.
- Act as a liaison between the doctor, coach, parents, and athlete so everyone has a full understanding of the capabilities or limitations the injury imposes.
- Educate the athlete so that he/she understands his/her injury, responsibilities and the future implications for participation.

When a student-athlete is admitted to Nichols College, before practice or competition in any sport is allowed, he or she is required to have a physical examination by a family physician, within six (6) months of their sport competition. You are also required to have health forms on file with the Sports Medicine staff, including a copy of your insurance card.
