PAC Statistics Notes

If you find missing statistical records, please contact your respective institution's sports information office or use the PAC's online form (pacathletics.org/research-records-project) to make us aware of the requested corrections or additions to our published information. Please be prepared to submit credible and reliable documentation to support statistical changes and omissions.

Note: (!) Specific category minimums used by the NCAA in its annual Division III Baseball Records book (2017) have been utilized throughout the PAC record book.

Geneva College and Saint Vincent College statistics included from their initial year of provisional NCAA Division III/PAC membership (2007); Westminster College statistics included from their initial year of provisional NCAA Division III/PAC membership (2000).

Official NCAA Division III baseball records began with the 1974 season and are based on information submitted to the NCAA statistics service by institutions participating in the statistics rankings. Career records of players include only those years in which they competed in Division III.
