NOTE: For any violation of Rule 4, the head coach will be suspended from the next regularly scheduled contest. The coach may not be present at the game site nor communicate in any manner during the contest with any person present at the site. 5. The minimum time between interschool football scrimmages shall be two (2) days.
6. It is recommended that a physician be present at all football games. If the services of a physician cannot be obtained, coverage should be provided by persons qualified to give emergency care (e.g. physician assistants, emergency squads, athletic trainers).
7. The NFHS accepted overtime procedures with the amendment that the ball is placed on the 20-yard line, instead of the 10-yard line.
8. Football Contact Limitations: Contact in the sport of football for High school and modified football teams shall have no more than two "Full-Contact practices" per week during the season; with no Full-Contact" session to exceed 90 minutes. "Full-contact" means a practice where drills or live action is conducted that involves collisions at game speed, where players execute tackles and other activity that is typical of an actual tackle football game. 8. Punts and extra point kick attempts may involve live play until the ball is kicked. Punts may not be advanced and all fumbled punts and muffs will be blown dead immediately.

10.10 Football Championship Week #: Week #21

Sectional Selection & Procedure

General Criteria:

All teams are expected to schedule seven (7) games to maximize their chances of earning enough points to compete in the Sectionals.

A team must actually play a minimum of six (6) games to be eligible to compete in sectionals. Forfeits will not count as a game played. However, points can be earned with the following limitations:

- A. If a team has a seven (7) game schedule, they may receive points for a maximum of two forfeits.
- B. If a team has a six (6) game schedule, they may receive points for a maximum of one forfeit.

If a team exceeds the number of forfeits identified in **A** and **B**, the extra games they are unable to play will be classified as canceled contests. Whether a game is considered to be a forfeit or canceled is determined by the order in which they occur.

For Example: If a team with a seven game schedule loses games during the 2nd, 4th, and 5th weeks, the games from week 2 and 4 will be considered forfeits and the game from week 5 will be considered canceled. A team may not select the game it wishes to be considered a forfeit or a cancellation.

If both teams in a scheduled contest are unable to play, there will be no forfeit points or credit for a game played awarded to either team.

If a team determines it is unable to play a game, the opposing school has two options:

1. They may receive forfeit points for the originally scheduled game or,
2. They can elect to cancel the originally scheduled game and play another game in its place. If they are able to find a team with an opening who will play them, the results of that game will determine what points are earned.

Sectional Representation:

At the conclusion of the seven (7) week season, the eight teams with the highest first level points in each classification will be selected for the Sectional Tournament. The team with the highest point total will be seeded 1st, the next will be seeded 2nd, etc., until all teams are seeded 1 through 8.

Connors & Ferris Bowl Games:

For the 2019 season, the Connors & Ferris Bowl Games will be played beginning Thursday, October 24th at the higher seeded team site.

Sectional Selection & Procedure

Site Supervision:

All schools must send at least 3 designated supervisors to each game site to help with crowd control. The designated supervisors should “check in” with the site supervisor at the game site.

Postponements:

Severe weather conditions, facility problems, various emergencies or other unforeseeable occurrences may necessitate the postponement of games. The following guidelines are to be used if such problems arise.

1. Quarter-Final field conditions are the responsibility of the home site supervisor. If the field is unplayable, the two schools should talk and reschedule no later than Monday. If the field will not be usable by Monday, or if the schools cannot agree on a mutually acceptable date and time, the Section V Football Committee will determine the date, time and/or alternative site so that the game will be played no later than Tuesday.
2. Semi-Final and Final game sites are the responsibility of the Section V Football Committee. Any changes that may be necessary will be done after consulting with the affected schools.
3. Extraordinary events that may impact a single game will be addressed on an individual basis by the Section V Football Committee and the schools affected by said events.

NYSPPHSAA Tournament Representative:

Sectional Tournament Champions will advance and represent Section V in the State Football Tournament.

Games Ending In Ties:

The New York State overtime system for breaking football ties will be used in all varsity games.

Financial Obligations:

1. Section V will assume all financial obligations for the Quarter Finals, Semi-finals, and Finals.
2. Connors & Ferris Bowl games will be the responsibility of the home team.
3. Section V will provide all awards for the Connors & Ferris Bowl Games.

Admission Ticket Prices: (There will be no advance sale of tickets)

1. For the Quarter-Finals, the ticket price will be \$5.00
2. For the Semi-Finals and Finals, the ticket price will be \$5.00
3. For the Connors & Ferris Bowl games, the ticket price will be \$5.00
4. For the Western Regionals, the ticket price will be \$8.00
5. For the NYSPPHSAA semi-finals and finals, the ticket price will be \$10.00

Field Passes:

Sideline passes will be issued to each team for NYSPPHSAA Tournament games

Team Rosters:

A team roster must be submitted using the form that can be found on the Section V Web page (www.sectionv.org/football) under “Team Rosters”. The completed form must be emailed as an attachment to: sectionvfootball@gmail.com. The rosters must be updated as the season continues.

These same rosters on the web will be used in the Sectional Playoff program.

**** Team Rosters must also be submitted to Max Preps for both the Sectional Championships and the NYSPPHSAA Playoffs****

Note: Teams will be limited to a maximum of 55 varsity players.

This number is inclusive of any injured players or JV players who may be pulled up.

Sectional Selection & Procedure

A **Team Picture** must be submitted to **MaxPreps.com** for the **NYSPHSAA Playoff Programs** by **October 1st**.

Chain Crews:

The Home team is responsible for providing an experienced adult chain crew for all rounds of the Sectional Playoffs and the Connors & Ferris Bowl games.

Uniforms/Game Balls:

The Home team (the team with the higher seed) will wear its colors and the visiting team will wear white. **Spalding** is the official game ball for the Section and New York State tournaments. For Quarter-Final and Semi-Final games, the participating teams must provide the game balls as they do during the regular season. **Both teams must use a Spalding ball.** During the Sectionals, Section V will provide the game ball for all Section V Championship games. All teams playing in the Connors & Ferris Bowl games must provide their own Spalding game ball.

Pre-Game Ceremonies:

Each team will be assigned an end of the field to warm up on by the Site Supervisor. Teams are not to go into another team's warm-up area while jogging, running pass patterns, etc. Game officials will monitor pre-game warm-ups. Going into another team's warm-up area and/or "trash talking" during pre-game warm-ups will result in a 15 yard penalty for unsportsmanlike behavior.

The introduction of the starting line-ups will begin ten (10) minutes prior to kick-off. Teams will line up in their respective end zones. Upon being introduced, each player will run to the middle of the field, then go to his sideline. The playing of the National Anthem will follow the introduction of both teams. The toss of the coin will follow.

Presentation of Awards:

At the conclusion of the game, coaches and players are asked to return to their side of the field and line up on the hash marks. At this time all awards will be presented.

Locker Room Controls:

Due to multiple games at most sites, teams may need to share locker rooms. Schools are to provide locker room supervision as needed. Section V is not responsible for stolen or damaged property. Teams/schools are responsible for any damages attributed to them. All Section V personnel are instructed to prohibit intoxicating beverages in the locker rooms or any of the facilities before, during, or after any sectional game.

Banners:

Participating schools may have larger signs or banners made up to be displayed appropriately on their half of the field. Offensive signs or signs displaying poor taste will be removed by field security. Schools are responsible for removing and disposing of all signs and banners at the conclusion of the game.

Championship Awards:

Medals, patches, t-shirts & extra items per sponsorship.

Playoff Overtime Procedure

NYSPHSAA 20 YARD LINE OVERTIME PROCEDURE

1. An overtime period is untimed play after a regulation game has ended with the score tied. During an overtime period each team has an opportunity to be on offense. However, an overtime period may include only one offensive possession if the defensive team scores a safety or touchdown.
2. When the score is tied at the end of the fourth period, the referee will instruct both teams to return to their respective team boxes. There will be a three-minute intermission during which both teams may confer with their coaches. All officials will assemble at the 50-yard line, review the overtime procedure, and discuss how penalties (if any) including any carry-over penalties from the regulation contest will be assessed to start the overtime procedure. At the end of the intermission, the linesman will go to the team on the side of the field where the line to gain equipment is located and the line judge will go to the other team. They will inform the coaches of any special penalty enforcements that apply.
3. At the coin toss in the center of the field the visiting-team's captain shall be given the privilege of calling the coin. The winner of the toss shall be given his choice of defense or offense first, or of designating the end of the field at which the ball will be put in play for this overtime period. The loser will have his choice of the other options. The referee will indicate the winner of the toss by placing a hand on his shoulder. To indicate which team will go on offense, the referee will have that captain face the goal toward which his team will advance and indicate this with the first-down signal. The other team captain will face the offensive captain with his back toward the goal he will defend.
4. Each team shall be permitted one time-out during each overtime period (An Overtime Period consists of Team A on offense, followed by Team B on offense). The team scoring the greater number of points in the overtime shall be declared the winner. The final score shall be determined by totaling all points scored by each team during both regulation time and overtime periods.
5. To start the overtime, the offensive team shall put the ball in play, first and 10, on the defensive team's 20-yard line anywhere between the inbounds lines. The first offensive team shall have a series of four downs to either score or gain enough yardage for a 1st down. If the offensive team gains a first down, the possession will continue, with the ball in play as either first and 10, or first and goal if the ball is snapped inside the defensive team's 10-yard line. The offensive possession shall be terminated by any score by the offensive team, or if the defensive team has gained possession of the ball.
6. If the team on offense scores a touchdown, it is entitled to the opportunity for a try unless the points would not affect the outcome of the game or playoff qualifying. A field-goal attempt is permitted during any down. If the defensive team gains possession, the ball becomes dead immediately and the offensive team possession is ended.
7. After the first team on offense has completed its possession, the first team on defense will become the offensive team with the ball snapped from the same 20-yard line anywhere between the inbounds lines. The same end of the field will be used for possessions by both teams during each overtime period to ensure equal game conditions and conserve time.
8. If the score remains tied after each team has been given one offensive possession in an overtime period, then the procedure shall be repeated with other overtime periods until a game winner is determined. In this case, there shall be an intermission of two minutes between periods. At the subsequent meeting of team captains, the loser of the overtime coin toss will be given first choice of the options. If additional overtime periods are required, then first options will be alternated with no coin toss.
