Dear Student-Athletes and Parents:

Welcome to Stevens Varsity Athletics! As we are preparing for the 2018-19 school year, we ask you to please pay close attention to all of the information below. All information must be completed and received by the **July 31st deadline**. Failure to comply will delay medical clearance to practice or compete in varsity intercollegiate athletics at Stevens Institute of Technology.

As a **1st year** on the team you are required to complete the following:

1. A physical by your doctor that must filled out on the form we provided. This must be stamped and signed by your physician. NCAA mandates that this must be within 6 months of the start of your participation in your sport.
   
   *(Therefore, if you are a fall athlete you MUST have a physical dated after March 1st. Winter athletes should have a physical dated after April 1st. Spring athletes should have a physical dated after April 15th.)*

2. Sickle Cell (if your results are positive we need a note from your doctor with any limitations)
   
   a. You can show results of a previous test or
   b. Get tested and send us the results or
   c. Sign the waiver provided

3. Complete your online ATS profile with your most recent information including: general information, insurance, emergency contact, and medical history. (ATS instructions are attached.)
   
   a. Any and all previous injuries, illness, surgeries, etc may require further documentation from your treating physician, and you may need to be cleared by our team physician. Questions in regards to this please let us know.

4. **All forms need to be uploaded to your ATS profile as we do not accept paper format.**

5. **Only** if you are under 18 years of age **after the July 31st deadline**; you and your guardian will need to complete the attached two forms and upload them to your ATS profile.
   
   a. Student-Athlete Acknowledgement and Consent 18’-19’
   b. Student-Athlete Acknowledgement of Procedures Regarding Insurance Coverage 18’-19’

Should you have any questions or concerns regarding any of these procedures, please email us and we will assist you.

Sincerely,
The Sports Medicine Staff
