The Texas A&M-Kingsville baseball team, with at least a share of the Lone Star Conference championship cinched, will go for the title and the host spot for the LSC postseason tournament when it takes on Tarleton State Friday and Saturday in Stephenville.

The teams meet in a single game at 3 p.m. Friday and will play a doubleheader at 1 p.m. Saturday to close out the regulation season.

The Javelinas are 23-9 in the LSC standings and three games in front of West Texas A&M (20-12).

A win by the Javelinas in the TSU series will give them the clear-cut championship.

The Javelinas are 33-14 overall, the best record in the conference.

The LSC championship is the fifth for the Javelinas since the start of intercollegiate baseball in 1993.

The Texas A&M-Kingsville men’s and women’s track and field teams will battle for the Lone Star Conference championships Thursday, Friday and Saturday when the annual meet is held in Javelina Stadium.

The meet opens Thursday with the first of the decathlon and heptathlon events.

The decathlon and heptathlon will conclude Friday and the first of the field event and running event finals will be held along with running event preliminaries.

The meet ends on Saturday with the awarding of most of the individual medals and the team championships.

The battle for the men’s title is expected to be the best it has been in recent history.

Schools in the men’s division will be Angelo State, Eastern New Mexico, Harding, McMurry, Tarleton State, Texas A&M-Commerce, West Texas A&M and the host Javelinas.

The same schools will have women’s teams along with Midwestern State.

West Texas swept both titles in the LSC indoor meet in February.

The host Javelina men have the conference’s best performances in nine of the 21 events.

Women’s Basketball Coach Wade Scott was named the new Javelina women’s head basketball coach last week. He has been at the University of Houston since 2006 and played at Eastern New Mexico.
Estelle Returns to Alma Mater as Head Men’s Basketball Coach

Johnny Estelle, who played for the Texas A&M-Kingsville basketball team in the mid-1990s and served two seasons as a member of the coaching staff, is returning to his alma mater as the head men's basketball coach.

Estelle was named the new head coach last week by Scott Gines, vice president of intercollegiate athletics and campus recreation at TAMUK.

Estelle played for the Javelinas in 1994-95 and 1995-96 under head coach Bill Carter. He was the most valuable player in the 1995-96 Lone Star Conference tournament and was on the LSC all-tournament squad his junior season.

He set a single-game record with nine three-point goals in the 1996 tournament and also set a school season record with 88 steals the same season.

Estelle had 742 points in his two seasons as a Javelina, had 214 rebounds, 211 assists and 138 steals.

He remained with the TAMUK program for one season as a student assistant and then served as a graduate assistant for one year under head coach Pete Peterson.

The new Javelina head coach spent a season as an assistant coach at Northland Pioneer College where he had played two seasons before joining the Javelinas.

He spent 13 seasons at Navarro College and was the head coach for five years.

Estelle had a 126-48 record as head coach at Navarro, averaging more than 25 victories a season. His clubs were 13-2 in NJCAA Region XIV tournament games.

Navarro went to the NJCAA national tournament three times and it reached the Final Four in 2010.

Estelle was district coach of the year three times and he was selected to be a court coach with the USA Olympic U19 team in 2009.

Ninety percent of his players graduated and his 2010 team received NJCAA all-academic team honors with a 3.01 team grade point average, seventh best in the nation.

Twenty-two of his players went on to play at NCAA Division I programs and 100 percent played at four-year schools.

Estelle was an assistant at the University of Houston in 2013-14 under head coach Dickey.

“This is a dream come true,” Estelle said last week while visiting the campus.

“Seldom would you get a chance to go back to a place as dear and important as Texas A&M-Kingsville is to me. It’s an honor and privilege to be back.”

“Our objective from the start was to identify a highly successful head coach who will recruit and develop a roster of tough, intelligent basketball players who will contend for championships and graduate from Texas A&M-Kingsville,” Gines said.

“I’m confident Johnny Estelle is the man who will lead Javelina men’s basketball to new heights.”

Johnny has infectious energy and enthusiasm, he’s a proven head coach with consistent championship and postseason success, his reputation in Texas and the Southwest is highly regarded in coaching and recruiting circles and his passion for Javelina basketball is unparalleled,” Gines said.

A national search was conducted to fill the Javelina head position. “We enjoyed a deep and experienced pool of nearly 100 applicants,” Gines said.

“All four campus interviews featured highly successful head coaches—all have Sweet 16 coaching experiences, three coached in Final Fours and two are former national coach of the year recipients.”

Bill Carter, who coached Estelle at TAMUK, said, “The hiring of Johnny Estelle as head men’s basketball coach at Texas A&M-Kingsville is a ‘homerun’ hire.

“Having been one of the leaders on two successful Javelina basketball teams, and having coached two years at the school, Johnny has ‘lived’ the program and knows what it takes to make it a winner.

“He’s a classy individual who has a proven record as a head coach and a recruiter. Without a doubt, Johnny Estelle is the best man for the job and the future of Javelina basketball is in great hands.”

Buzz Williams, former Javelina assistant men’s basketball coach and the new head men’s coach at Virginia Tech, said, “Johnny will do an outstanding job leading the Javelina program on and off the floor.

“As an alum, he will be meticulous in building it to be among the best not only in the Lone Star Conference but nationally as well. He has worked incredibly hard at his craft since

Griggs didn’t participate in the event. He had been entered originally but didn’t make the trip to Louisiana.

Apparently, officials at the long jump gave some other athlete Griggs’ number and credited C.J. with the impressive distance. The LSC was so impressed, it named Griggs the conference male field athlete of the week, an honor it later rescinded.

The LSC Championship special edition published by the Kingsville Record, and edited by me, has Griggs’ 51-5.75 listed as the best in the LSC this spring.

His actual best of 50-0 is the second best in the league. That mark has him eighth in Division II.

SPEAKING OF THE LSC Championships special issue this week, a lot of the listings in the paper wouldn’t have been possible without the record keeping of Garner Roberts, former sports information director at Abilene Christian and track and field historian.

He has kept the conference marks and lists up-to-date for years.

Also, thanks to the Kingsville Publishing Co. for printing the salute to LSC track and field.

THE TWO NEW Javelina head basketball coaches are products of Lone Star Conference schools and NCAA Division II schools, and barely missed playing against each other in college.

Wade Scott, the Javelina women’s head coach, was on the Eastern New Mexico teams in 1991-93, and Johnny Estelle, Javelina men’s coach, played for the Javelinas in 1994-96.

Both were on the University of Houston athletic staff this school year.

AS EXPECTED, THE Northeast area of the campus was a beehive of activity Friday and Saturday with thousands of fans and athletes taking part in events at three adjacent sites.

The regional high school track and field meet was in Javelina Stadium, the Javelina baseball team hosted Angelo State at Nolan Ryan Field and Laredo Johnson and Edinburg were meeting both days in a Class 5A state softball playoff series at Hubert Field.

TWO OF THE officials who have worked the track and field meets in Javelina Stadium this spring have been selected to serve as officials at the NCAA Division II Championships May 22-24 in Allendale, Mich.

Omar De La Rosa of Mission will be an umpire at nationals and David Dunbar of San Antonio will be at the implement weight-ins. They work most of the Javelina home meets.

CONGRATULATIONS TO CARLTON Williams, former Javelina track and field athlete, and Crystal Oates, former Javelina women’s basketball coach.

Williams is athletic director and track and field coach at Nordheim and his girls’ team won the Region IV-1A II track and field championship Saturday in Javelina Stadium.

Oates is on the staff at Corpus Christi West Oso and the Lady Bears took the Region IV-3A title last weekend in Javelina Stadium.

FORMER JAVELINA THROWER Edye Lea, a member of the Javelina Hall of Fame, is in her 30th year as a track and field coach at Pearsall High School.

She had her team in the Region 3A meet last weekend in Javelina Stadium.

THE TIME SCHEDULE for the Lone Star Conference Baseball Championship has been set.

The double elimination tournament will open May 8 and games will be played over a three-day period.

Seedings for the meet will be determined by the final regular-season standings.

The top four squads in the final standings will participate in the playoffs.

Host of the meet will be the LSC champion.

The winner of the tournament will receive the league’s automatic berth in the NCAA Division II playoffs.

The Javelinas are the defending tournament champion.

Scott Named New Javelina Women’s Basketball Coach

Wade Scott, who has been at the University of Houston since 2006, has been named the head women’s basketball coach at Texas A&M-Kingsville, according to Scott Gines, vice president for intercollegiate athletics and campus recreation.

Scott is familiar with the Lone Star Conference, having played at Eastern New Mexico.

He holds a bachelor of science degree from ENMU.

Scott has 20 years of college coaching for men’s and women’s teams, and at the junior college and four-year level.

Since 2010, he has been associate head coach for the Houston women. In 2009-10, the team finished second in Conference USA and went to the Women’s National Invitation Tournament with Scott as the interim head coach.

This year, he was the interim head coach as the Cougars competed in the American Athletic Conference.

Scott was instrumental in the Cougars dominating the Conference USA in 2010-11, going undefeated with a 16-0 record.

The squad went to the NCAA tournament and finished with a 26-6 record.

Prior to his tenure at Houston, he coached in the junior college ranks, including nine seasons as head coach of men’s and women’s teams in Texas, New Mexico and Oklahoma.

He began his coaching career at New Mexico Military Institute in 1993-94.

After a season in high school, he went to Western Oklahoma State in 1995. In his five seasons as head coach, he led the men’s team to three NJCAA regional tournaments.

He became the head women’s coach at Clarendon College in 2001 and the school went to the NJCAA regional tournament in his first season.

Scott next went to Grayson County Community College where his team reached the NJCAA regionals in 2005.

The new Javelina coach was an assistant men’s coach at Trinity Valley Community coach in 2005-06 before joining the Houston staff in 2006.

“Building begins with having the right leadership and I believe Wade Scott is the man to lead Javelina women’s basketball to consistent success,” Gines said.

As with all our athletic programs, we hire head coaches to recruit tough, highly committed student-athletes who will develop under their leadership, graduate and regularly contend for championships.

“These are fundamental ingredients to Javelina Pride.”

Gines said the search committee performed exceptionally, reviewing nearly 100 applicants.

“All four campus finalists have national tournament experience, served as key leaders in building successful programs and two won national championships in the past five years.”

Tim Tadlock, Texas Tech head baseball coach and former director of athletics at Grayson County CC, said, “Scott Gines made a great hire naming Wade Scott as TAMUK’s head women’s basketball coach.
Wade has experience at all levels, and I think he will do a tremendous job in his new position. I wish him the best of luck.”

Scott is married and he and his wife, Stephanie, have a daughter.

She has been named to the All-District and All-Area Super team and has received academic honors.
