Well into its sixth decade of service, the Southland Conference continues to be a model of innovation, stability and consistent achievement as it celebrates the academic and athletic accomplishments of its member institutions and approximately 4,200 student-athletes. Having commemorated its 50th anniversary in 2013, the Southland Conference has transformed itself into a dynamic and respected consortium of 13 member universities in three states. Beginning with a historic meeting of five institutions in Dallas on March 15, 1963, the Southland Conference set on an extraordinary course that has proven successful well into the 21st Century. The successful transformation continued, as the Southland Conference welcomed four additional members in 2013: Abilene Christian University, Houston Baptist University, the University of Incarnate Word in San Antonio, and the University of New Orleans. In addition to its newest members, the Southland consists of the University of Central Arkansas, Lamar University, McNeese State University, Nicholls State University, Northwestern State University, Sam Houston State University, Southeastern Louisiana University, Stephen F. THE CITY OF NEW ORLEANS

NEW ORLEANS is one of the world’s most fascinating cities. Steeped in a history of influences from Europe, the Caribbean, Africa and beyond, it’s home to a truly unique melting pot of culture, food and music.

You’ll find bowls filled to the rim with gumbo, late nights in dark jazz clubs, strolls through historic neighborhoods, and tantalizing festivals throughout the year. Come down and experience New Orleans, one of America’s most culturally and historically-rich destinations.

THE FRENCH QUARTER, also known as the Vieux Carré or the “Quarter” to locals, sits on a crescent in the Mississippi River on some of the highest ground in New Orleans. Not only is it the city’s cultural hub, but it is also a community where residents take time to welcome visitors in the streets.

Intimate and unique, New Orleans’ oldest neighborhood has exerted a spell over writers and artists since the time of Mark Twain, Lafcadio Hern and John James Audubon.

Hollywood celebrities and software magnates have joined the residential mix, keeping the glamour of the French Quarter up-to-date, but it is the year-round local residents who keep the neighborhood vibrant.
