Southeast Youth Championships
Entry Packet
May 8-9, 2021
Oak Ridge, TN**

(Please read all of this packet prior to arrival to venue)

Welcome to the 2021 USRowing Southeast Youth Championships,

USRowing and the Oak Ridge Rowing Association are proud to present the USRowing Southeast Youth Championships.

Due to adjustments made for this unprecedented time, the 2021 event will be open to other visiting crews from outside regions, while still having the opportunity to name Southeast region crews the regional champions in their respective event. This event will not act as a Youth National Regatta qualifier, as that event is also an open event, for 2021.

We look forward to offering youth athletes a wide range of age and skill based events and seeing everyone back on the water in a safe and competitive manner.

Please read this packet completely, as it includes information regarding entries, rules, events, new COVID-19 policies and other information about the policies governing this regatta. As we get closer to the regatta we will release our confirmation packet which will include further information related to the race and our final COVID-19 policies based on the latest updates.

Cheers,

James Rawson

Changes for 2021

- **Removal of the 2021 Southeast Youth Championship as a Youth National Qualifier**
- **Inclusion of outside region entries**
- **Addition of more U17 events and removal of lightweight events**
- **Removal of Coxswain Weigh Ins**
- **Volunteer Fee**
- **COVID - 19 Protocols**

Removal of the 2021 Southeast Youth Championship as A Youth National Qualifier

The 2021 Youth National Regatta will be an open event and not require qualifications to attend therefore the 2021 Southeast Youth Championship and any other regional championship will not have a qualification element to it. This is only scheduled to be run in this manner for 2021.

Please note that the event list and weather policy still prioritize what would be the Youth National Qualifying event list, with the replacement of the lightweight events being the U17 events.

Inclusion of Outside Region Entries

Due to the 2021 Southeast Youth Championships not being a qualifier for the Youth National Regatta and the limitations of other regional events not able to be held because of state and local restrictions, this Youth Championship, along with other possible youth championships, will be open to youth teams from outside the region. Teams from outside of the region will be able to compete in any event, but will not be awarded a Southeast Youth Championship medal if placed in the top three in the event. If an out of region team does place, they will be awarded a visitor medal, and the next fastest Southeast Region team will receive the regional medal for the open placing.

Addition of Additional U17 Events and Removal of Lightweight Events

There will be no lightweight events at the 2021 Southeast Youth Championships, but will instead be replaced by age based event categories. This will continue to fall in line with the elimination of all lightweight events for the 2021 Youth National Regatta.

Removal of Coxswain Weigh Ins

There will be no coxswain weigh-ins at the 2021 Southeast Youth Championships to prevent large gatherings of athletes at the venue. Coxswains are expected to act on the honor system of the 2021 Rules of Rowing.

Volunteer Fee

A \$8.00 fee per athlete will be charged upon registering for the 2021 Southeast Youth Championship. This fee will be collected and then distributed to the Local Organizing Committee (LOC) after registration closes to ensure there is sufficient volunteer staffing during the event.

COVID-19 Protocols

USRowing will provide an in depth COVID-19 risk mitigation that all athletes and coaches will be expected to read, sign off on, and then execute when arriving at the venue. This plan will be posted in the leading weeks of the event in the confirmation packet.

To avoid delays at registration, teams should make sure all competitors have met these membership requirements prior to arriving at the event.

A current listing of your athletes, their member numbers, and expiration dates can be found on the online team roster through the USRowing Membership Portal at <https://membership.usrowing.org>.

Volunteer Fee

A \$8.00 fee per athlete will be charged upon registering for the 2021 Southeast Youth Championships. This fee will be collected and then distributed to the Local Organizing Committee (LOC) after registration closes to ensure there is sufficient volunteer staffing during the event.

Credentials

All coaches and athletes need to ensure that each individual's registration is complete, membership and waiver information is verified, and all fees are paid in full before arriving on site.

More information regarding the credentialing process will be provided in the confirmation packet.

Entry Information

Entries in each event will be accepted on a first-come, first-served basis.

No paper entries will be accepted for this event. All entries must be made online at RegattaCentral. Initial registration will be available beginning March 22, 2021, and ending Monday, April 28, 2021. No refunds will be given once the initial registration period has ended.

All entry fees must be paid in full by April 28, 2021. After this date, unpaid entries will be considered late entries, and subject to the additional fees associated with such designation.

Crews representing an organization with an outstanding balance will not be allowed to compete until the balance is paid in full.

Entry Fees:

| Boat Class | Amount | Late Entry Fees (Applicable April 29) |
|------------|--------|--|
| 8+ | \$247 | \$352 |
| 4+/4x/4- | \$179 | \$255 |
| 2x/2- | \$100 | \$142 |
| 1x | \$75 | \$106 |

Entry fees become non-refundable after entries close.

Entry Limits

An organization's top crew should be designated as its "A" entry. Organizations submitting multiple entries should designate their second crew as its "B" entry. This is important for seeding purposes.

Coxswains are NOT limited in the number of events they may enter; however, they must meet all appropriate eligibility and classification requirements for each event being entered.

Late Entries:

Entries may be accepted in events where additional entries do not change the progression, or exceed any listed entry maximums. These entries are subject to the higher entry fees listed above.

All late entries must be submitted at the USRowing registration desk during posted hours.

E-mail submissions will NOT be accepted.

All late entries must be submitted no later than 4:00 pm on Friday, May 7, 2021.

All late entry submissions must include completed "Late Entry Form" submitted to the USRowing desk. Crew members for late entries must meet all membership and eligibility requirements, and payment must be made in full before a late entry may be placed into an event.

Scratches:

Entries may be scratched without penalty until the end of the initial registration period on April 28, 2021.

Beginning April 29, 2021, no refunds will be given for entries that are scratched.

E-mail notification will be accepted until the close of on-site registration on Friday, May 7, 2021.

After this time, scratches must be made in person at the regatta site in order to avoid the additional "No Show Fee".

An additional \$50 scratch fee will apply to all scratches made after the Pre-Regatta Meeting on Friday, May 7, 2021.

Any crew failing to submit a completed "Scratch Form" to the USRowing desk after Friday, May 7, will also be subject to a \$100 "No Show Fee" along with any other applicable fees.

All fees are due at the time of the scratch. Crews from an organization with outstanding "Scratch" or "No Show" fees may be prevented from competing until outstanding fees are paid in full.

Lineup Changes:

All entries must include the line-up of athletes to compete as part of that entry. All entry line-ups must be finalized by April 28, 2021, in order to ensure athlete credentials are available.

Any entry without line-ups after this time will be treated as a late entry. Line-ups with placeholder names such as "A. Rower" will be considered incomplete and will also be considered late entries. This means they are subject to "Late Entry" fees, and the entry restrictions associated with late entries. Along with the late entry fees, these crews may face an additional charge for printing corrected credentials on-site.

RegattaSoutheast will close for credential printing and "Express Lane" notifications from May 3-5. RegattaCentral will be re-opened to accept any last minute line-up changes on Thursday, May 7 and Friday, May 8.

The deadline for lineup changes is one hour prior to the first race in the event that the change is being made in.

Any lineup changes needed on racing days must be completed at the USRowing registration desk.

Email lineup changes will not be accepted.

On-Site Line-up Changes:

Any line-up change required on May 8 or 9, will be subject to a \$5 administrative fee for processing the request.

Payment is due before a line-up change can be officially made.

Competition Information

Eligibility:

The 2021 USRowing Southeast Youth Championships are open to all youth competitors in the United States.

Definitions:

- **Youth:** A youth is a Competitor who in the current calendar year does not attain the age of 19. An athlete who is and has been continuously enrolled in secondary school as a full-time student seeking a diploma may attain the age of 19 in the current calendar year, but may not attain the age of 20 in the current calendar year. A Competitor thus ceases to be a Youth after December 31 of the year of his or her 18th birthday or, only if having been a full-time student seeking a diploma in secondary school, after December 31 of the year of his or her 19th birthday. Athletes attaining the age of 20 or older in the current calendar year are not eligible for this event
- **Entries in the “Youth” category are expected to be an organization’s top crew in the category.**
- **U15:** A competitor may compete in the U15 category until December 31 of the year of his or her 14th birthday.
- **U17:** A competitor may compete in the U17 category until December 31 of the year of his or her 16th birthday.
- **PR1:** [formerly AS (Arms and shoulders)]: Allocated to Rowers with a verifiable and permanent impairment who have minimal or no trunk function. A Rower in the PR1 sport class is able to apply force predominantly using the arms and/or shoulders. These Competitors will likely have poor sitting balance.
- **PR2:** (Formerly TA or Trunk and Arms): Allocated to Rowers with a verifiable and permanent impairment who have functional use of the trunk and who are unable to use the sliding seat to propel the boat due to significant weakened function or mobility of the lower limbs.
- **PR3:** (Formerly LTA, or Leg, Trunk and Arms) Physical Impairment (PI), Visual Impairment (VI) and Intellectual Disability (ID). This sport class is for rowers who have the use of their

legs, trunk and arms, who can utilize the sliding seat. Note that PR3-ID is not an eligible impairment for FISA events.

- **Inclusive:** A crew entered in the “Inclusive” event must be composed of a mixture of Classified Rowers and Non-Classified Rowers. The crew must contain an equal number of Classified and Non-Classified Rowers. The Inclusive events are open to athletes that have been classified in the PR-3, PR-2, or PR-1 sport classes included in the Rules of Rowing. The sport class requirement pertains only to the Rower who has been classified.
- **Junior Varsity:** (2V) The second boat for organizations competing in the varsity race of the same event.
- **Third Varsity:** (3V) The third boat for teams competing in the varsity race of the same event.
- **Unaffiliated:** Crews entered as “Unaffiliated” are not considered to be representing a club or organization for this regatta. Competitors may compete as “unaffiliated” in single sculls only, as composite entries are not accepted for this event. “Unaffiliated” competitors must meet the individual membership requirements listed in this packet.

Classifications for Adaptive Athletes

All Rowers racing in Adaptive Rowing Races shall be classified before competition, either by self-classification or by a USA or FISA Classification Panel.

Self-classification is permitted at this event. Classifiers will not be present at the regatta. For more information on the classification process, visit the USRowing web site: [Click here for Classification information on the USRowing web site.](#)

There will be no protests over any classified rower’s sport class designation during a U.S. regatta.

Classifications for Adaptive Athletes

All Rowers racing in Adaptive Rowing Races shall be classified before competition, either by self-classification or by a USA or FISA Classification Panel.

Self-classification is permitted at this event. Classifiers will not be present at the regatta. For more information on the classification process, visit the USRowing web site: [Click here for Classification information on the USRowing web site.](#)

There will be no protests over any classified rower’s sport class designation during a U.S. regatta.

Inclusive and Adaptive Events

The Inclusive category is open to crews composed of a mixture of Classified Rowers and Non-Classified Rowers. The crew must contain an equal number of Classified and Non-Classified Rowers.

The Inclusive events are open to athletes that have been classified in the PR-3, PR-2, or PR-1 sport classes included in the Rules of Rowing.

The PR1/PR2 1x events are open to athletes that have been classified in the PR2 or PR1 categories. Rowers may compete in a more functional sport class than their assigned sport class but not in a less functional sport class. For example, a Rower classified as PR2 may compete in PR3 Events, but may not compete in PR1 Events.

A rower may compete in an Adaptive or Para Rowing event if his or her disability meets the criteria set out in the Adaptive Rowing Classification. Self classification is permitted, and crews should be familiar with the category requirements in the Rules of Rowing.

In Inclusive events, the sport class requirement pertains only to the Rower who has been classified.

At all times when on the water during practice, warm up, cool down, and competition from the opening day of the Course until completion of the final Race of their competition, all Rowers who row in Adaptive Rowing Races must row with the prescribed equipment, which must be used according to the boat and sport class. Equipment in this context refers to strapping and pontoons.

The Inclusive events are listed as a combined event. Crews consisting of men, women, or mixed lineups may enter. Races may be separated by category if the number of entries necessitates separation.

The P1/PR2 Men's/Women's 1x events are listed as a combined event. Men's and women's crews classified as PR1 or PR2 are eligible to enter. Races may be separated by category if the number of 11 entries necessitates separation.

Affiliation:

A competitor shall represent only one organization at a regatta.

Composite Entries:

Composite entries are not accepted at the USRowing Southeast Youth Championships.

Crews, with the exception of single sculls (1x), wishing to compete with one or more “Unaffiliated” rowers would have to enter as a composite crew, and are therefore not eligible to compete.

Composite entries are allowed in the Inclusive and 4- exhibition events, but composite entries will not earn points towards team point trophies.

Lowest Varsity Level Designation

These events are the last in the Varsity and 2V sequence offered in any particular category. For example, in the Varsity 2- there is no 2V. In this instance, a crew can make multiple entries. Entries should be identified with “A” or “B” designation, in order of priority: “A” being the top priority and the fastest crew. If heats are not created, “C” and “D” entries from each organization will be put on a wait list and will be included on a “space available” basis. In cases such as the Varsity 8+ where there is also a 2V event offered, crews will not be able to enter multiple entries in the Varsity category and will have to add them to the 2V.

Rules

USRowing’s 2021 Rules of Rowing will govern this event.

An online version is available at <http://www.usrowing.org/rules-of-rowing/>

USRowing licensed referees will officiate the event to ensure fairness and safety.

The following rules will be waived for this event:

- Rule 3-104 Minimum Weight of Boats
- Rule 3.202 Oars, uniform throughout the crew

Time Trial Procedures

Time trials will be conducted over a 1,900 meter course.

Bow assignments for the time trials in Youth Nationals qualification events will be seeded by the Southeast Youth Coaches Council. The goal is to have the faster crews assigned to earlier bow numbers in each event.

A marshal will be positioned near the start to direct crews to enter the course. Crews are responsible for staying in numerical order, staying behind crews with lower numbers and in front of crews with higher numbers.

Crews are responsible for maintaining their proper order and distance. Crews failing to maintain their proper position may be delayed, moved to the end of the starting order, penalized, or excluded. A crew will be allowed to race as long as they are in the starting area and ready to race before the crew with the last bow number of the event has started.

Crews will have approximately 100 meters to build up to race pace. A crew's race time begins once their bow ball crosses the 1,900 meter start line.

Odd number crews will race in lane 3, and even number crews will race in lane 4.

There will be a 20-second gap between starting crews, resulting in a 40-second gap between crews in the same lane.

Bow Numbers:

Bow numbers for time trial heats will be distributed to each crew with their athlete credentials during the on-site registration hours. A process on how you can collect your time trial bow numbers will be posted in the confirmation packet.

*****Crews are required to supply their own bow numbers for all sprint racing at the 2021 USRowing Southeast Youth Championship.*****

Passing:

A crew being overtaken must yield to the outside lane to allow the overtaking crew to pass. Crews racing in lane 3 would move to lane 2, and crews racing in lane 4 would move to lane 5.

Any crew failing to yield will be excluded.

A crew is deemed to be overtaking another crew when it has moved to within one length of open water of the crew ahead.

Referees will give instruction in accordance with the USRowing Rules of Rowing.

Broken Equipment:

A crew experiencing broken equipment during the race should move to the outside lane.

Weigh-Ins

There will be no weigh-ins at the 2021 USRowing Southeast Youth Championships.

Unsportsmanlike Conduct:

Unsportsmanlike conduct includes, but is not limited to, failure to heed the instructions of race officials, use of obscene language or gestures, delaying a race without just cause, intentional or flagrant disregard of principles of safety and fairness, or abusive behavior toward any official, team member, or spectator.

A crew that engages in unsportsmanlike conduct may be assessed a penalty by a race official.

Any team member, including a competitor, who engages in unsportsmanlike conduct, on or off of the water, at any time during the regatta, may have his or her further participation at the regatta curtailed or prohibited by a race official.

A crew may be subject to an “unsportsmanlike conduct” penalty if a person affiliated with their organization, including spectators and parents, engages in the use of an unapproved drone at the regatta venue. An “unsportsmanlike conduct” penalty issued for the use of a drone will carry a presumed penalty of “Disqualification”.
