### SOUTH GARDEN

The South Garden is a central gathering space at Prudential Center, offering a quiet break from the pace of the city while still being right in the middle of it. Surrounded by thoughtful landscaping, water features, a built-in stage for live performances, and plenty of inviting seating, it's a space designed for both everyday use and community moments.

Throughout the year, the garden plays host to a range of public events and seasonal programming. From live music and outdoor fitness classes to weekend movie nights and pop-up experiences, it's a place that brings people together. Tree House Brewing operates a seasonal beer garden, and ongoing partnerships with local organizations help keep the calendar fresh and relevant.

Open to everyone, the South Garden offers a natural place to stop, gather, or explore what's happening - just steps away from shopping, dining, and everything else Prudential Center has to offer.

### PRUferred CARD

Guests can enhance their visit with the PRUferred Card, a complimentary shopping pass providing exclusive offers at more than 30 participating retailers and eateries.
