

Cold Foil

- Colors will be Metallic and ANY white areas will be Silver, UNLESS specifically "white blocked" in the proof.
 - "White Blocking" does not completely block out the foil. White areas will be slightly Ivory in color.
 - Black Flood Backgrounds will not completely cover the foil paper and will have "silver specks" upon closer inspection, that will be further mitigated by "white blocking".
- This is not very noticeable, as such does not usually affect the overall effect.
