

TITLE IV-A

Technical Assistance Center

WHAT IS THE T4PA TA CENTER?

The **Title IV-A Technical Assistance Center (T4PA TA Center)** operates within the U.S. Department of Education (ED), Office of Safe and Supportive Schools (formerly Office of Safe and Healthy Students) and provides State Educational Agencies (SEAs) with dedicated support for implementing the Student Support and Academic Enrichment (SSAE) program.

WHAT WILL THE T4PA TA CENTER DO?

The **T4PA TA Center** will offer SSAE State coordinators (SCs) assistance across the program's diverse content areas in the form of developing and disseminating high-quality resources, information, and trainings, as well as access to a national cadre of subject matter experts who can provide targeted technical assistance. Together, in partnership with ED, the **T4PA TA Center** will work with SCs to identify grant implementation needs, develop a tailored plan to address these needs, and broker support to build capacity at the state and local levels to help ensure Title IV, Part A programmatic success.
