

Black Grouper (*Mycteroperca bonaci*)

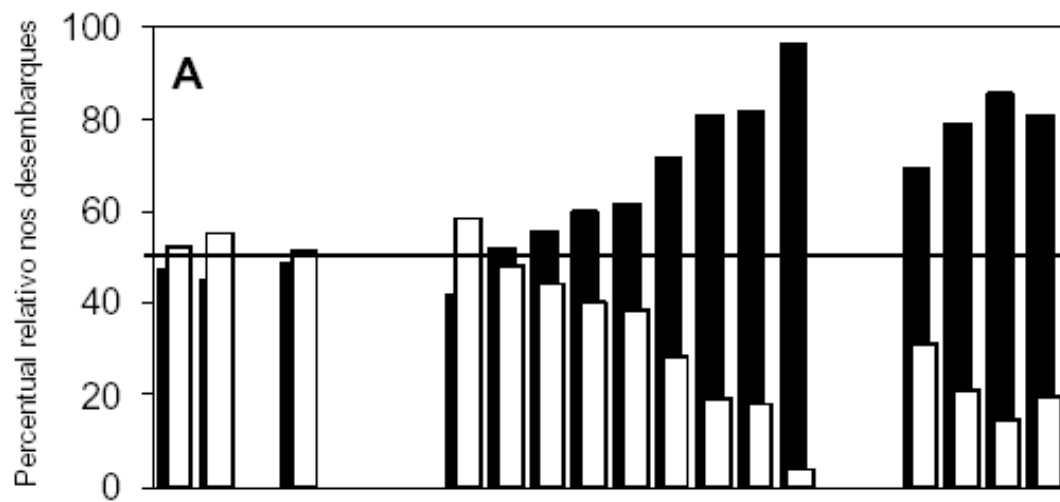

Figure 1: Catch comparison between yellowtail snapper (*Ocyurus chrysurus*) and black grouper (*Mycteroperca bonaci*) 1978 to 1998. The graph demonstrates the shift in catch from black grouper to yellowtail snapper following the collapse of the grouper fishery that began in the 1980s. The y-axis is relative catch percentage.
