

STUDENT QUESTIONNAIRE

Student's Name

High school/grade level

Address

Phone ()

Email

Describe your high school experience.

Please list your standardized test scores (ACT, SAT) and scores on any SAT subject or AP tests.

List five factors that are important to you in selecting a college.

1

2

3

4

5

List any colleges that other family members have attended or are currently attending.

List any specific colleges that you or your parents consider good choices for you.

Note a reason or program that makes this a good fit.

Have you visited any of these colleges? Or any others?

Describe your ideal college including size, academic style, programs of study, location (access to home), atmosphere, activities.

Would you consider applying to colleges outside the state of California? Where?

Do you have a possible career goal in mind? If so, what is it?

Have you worked during the summer or school year? If so, describe your jobs.

Describe your summer activities in high school.

What aspects of the college search/application process are you most concerned about? Please number (#1 being top) to indicate relative importance

- Identifying colleges that would be a good match for me
- Researching schools to make a short list of where to apply
- Writing college essays and completing applications
- Staying organized and on top of all the details involved in applying to a college
- Having to deal with my parents in the college process
- Information on scholarships and loans to pay for college
